TELEGRAPH SEIZED BY MEXICAN GOVERNMENT.

Military Need Is Reason Given for Commandeering Leased Press Wires.

Situation in Southern Republic Is Considered Serious—United States Troops Rushed to Border to Protect American Interests and Preserve Neutrality—Reported Capture of One Small Town by Rebels.

[ASSOCIATED PRESS NIGHT REPORT.]

MEXICO CITY, Nov. 22.—It was reported early this morning that Francisco I. Madero, the revolutionary leader, entered Mexico yesterday with 600 followers at some point between Eagle Pass and Laredo, Tex. Geronimo Trevino, commander of the military zone in which Monterey is situated, has gone north at the head of a strong body of troops to meet Madero. There has been much looting and many were killed and wounded at Gomez Palacio, according to reports here today.

LAREDO (Tex.) Nov. 21.—The situation in Mexico appears serious tonight.

For the first time in fifteen years of operation, the leased wire of the Associated Press from Laredo to Monterey and Mexico City, was commandeered by the Mexican government on the plea of military need, and the Federal circuit manager in Nuevo Laredo was ordered to cut off the Laredo office of the Associated Press to prevent information being gleaned from messages moving over the wire.

These instructions emanated from the headquarters of the Federal telegraphs in Mexico City, where it was explained the government would require the full capacity of all its telegraph facilities throughout the night.

Coming as it does, after what was officially reported to have been a perfectly tranquil Sunday throughout the greater part of the republic, broken only by a few almost insignificant disorders in the smaller places, this action on the part of the government would appear to lend substance to rumors of bloody riots at Zacatecas, Gomez Palacio and Torreon, the authenticity of which had been in doubt.

DISAFFECTED REGION.

These three important cities are situated in a region that has been disaffected for years. Gomez Palacio and Torreon are cities of about 15,000 and 25,000 inhabitants respectively, and are four miles apart in the Laguna district of the State of Coahuila.

This territory was the scene of the insurrection in 1908, which was quickly quelled by the Federal troops, and which is supposed to have eventually resulted in sending Gen. Bernardo Reyes out of Mexico. Gen. Reyes at that time was Governor of the contiguous State of Nuevo Leon.

The revolutionists proclaimed him as their leader, and repeated disavowals on his part did not seem to convince the central government that he was not covertly abetting the disaffection. He was sent to Europe ostensibly on a military mission and has not yet returned.

Almost at once the same element that had recognized Reyes as their standard bearer, turned to Francisco I. Madero, and nominated him for president of the republic in opposition to President Diaz, in the elections last spring.

Madero and his supporters claimed they were not being accorded fair treatment in the campaign, and Madero was imprisoned on the charge of insulting the government by his statement that he could not get justice in the courts. He was held in prison until some weeks after the election, when the existing government was overwhelmingly returned to power. Then he was released on bail.

He made his way to San Antonio, Tex., whence he is alleged to have been secretly preparing his partisans for the widespread revolt which was planned to commence last Sunday November 20.

On November 18, Madero slipped out of San Antonio, made his way to Cotulla, Tex., where he was met by four companions with horses and a guide and then started in a westerly direction. It was then understood he was going to the family estate in Coahuila to take personal command of the anti-government forces. No further word has been obtainable regarding his movements, and it is believed he is in Mexico tonight.

Every precaution is being taken by the American officials to prevent violation of neutrality laws.

Gov. Campbell is reported to have ordered the entire force of Texas Rangers to the Rio Grande, and the commanding officer of Fort McIntosh has placed a double guard over the gun racks in each barracks of the four companies of infantry stationed here, as a precaution against theft or seizure by Mexican revolutionists.

Reports from what is considered a reliable source are to the effect that rioting was renewed in Puebla, Mex., today and thirty persons were killed. It is said the Mexican military authorities are conscripting large numbers of the residents of Nuevo Laredo into the army for emergency service.

REBELS REPORTED TO HAVE TAKEN ONE TOWN.

[ASSOCIATED PRESS NIGHT REPORT.]

MEXICO CITY, Nov. 21.—Gomez Palachio, a town of 7000 inhabitants, and the junction point on the railroad near Torreon, is said tonight to be in the hands of the revolutionists.

Railroad and telegraphic communication are cut off, and this lends color to the report.

It is difficult to get authentic news from the scene of the disturbances. At the American embassy it was said no telegrams came today from consuls there, and the newspapers here also have been unable to obtain information.

The War Minister tonight in explaining why troops were hurriedly sent to Orizaba, in the State of Vera Cruz, said it was feared the rebels might dynamite the railroad bridges.

The net result of the fighting there, according to the minister, was one soldier killed and several persons wounded, when a mob attacked and pillaged the market. The rioters were eventually chased to the mountains. Two hundred arrests of agitators have been made here.

SITUATION ACUTE, IS BELIEF IN WASHINGTON.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Nov. 21.—Brig.-Gen. Ralph W. Hoyt, commander of the Department of Texas, notified the War Department tonight that he had ordered Troop K, Third United States cavalry, to Del Rio, on the Mexican border.

Earlier in the day, Gen. Hoyt, after having been instructed by the war department to hold troops in readiness to protect American interests and to preserve neutrality, had asked for permission to send troops wherever he thought there might be danger to American interests. This request was granted and the fact that troops were almost immediately ordered to the border is taken as evidence that the situation in Mexico is acute.

Though no alarming messages have reached the War Department, nothing has been left undone to afford protection should there be alarming indications.

Maj.-Gen. Wood, chief of staff of the army, said the sending of troops to the border from Fort Sam Houston was a precautionary measure.

"We do not believe there will be any necessity for acting on the part of the United States troops," said Gen. Wood, "but every possible precaution is being taken to meet emergencies."

Notification has been sent to all commanding officers along the border to take all steps necessary to preserve order. Posts at Eagle Pass, Laredo, El Paso and Apache were notified and troops there are in readiness.

ALARMING REPORTS REACH EL PASO.

[ASSOCIATED PRESS NIGHT REPORT.]

EL PASO (Tex.) Nov. 21.—An unconfirmed report reached here tonight that 600 Federal soldiers at Chihuahua were suspected of disloyalty to the government and disarmed. According to the report, a company of rurales visited the barracks and carried away all arms and ammunition of the soldiers.

A report reached here from Cananea, Mex., tonight that revolutionists are enlisting the hostile Yaqui Indians for service against the government. It is said over 1000 warriors will take the field if actual war breaks out.

Wholesale smuggling of arms and ammunition across the border near Naco, Ariz., is said to be in progress. All travelers are being rigidly searched and many are turned back. Both American and Mexican border officials have instructions from their governments to take extra precautions against smuggling.

Government officials at Chihuahua are searching the city for all sorts of ammunition and dealing rigorously with people found with explosives in their possession, according to reports reaching the border.

An American railroad man named Alarcon and his family have been jailed because a box of dynamite was found in his residence. Alarcon stated the dynamite belonged to a relative, who is a miner.

All American women have been ordered to keep off the streets of Chihuahua, the police stating they could not guarantee to protect them against insult.

A strong guard is maintained over the Banco Minero night and day, and business is partially suspended.

Americans arriving here assert the situation in Chihuahua is grave and constantly becoming more strained. Many families are reaching the border to await the return of peaceful conditions.

FIERCE FIGHTING AT FOUR MEXICAN CITIES.

[ASSOCIATED PRESS NIGHT REPORT.]

MEXICO CITY, Nov. 21.—Fierce fighting occurred today at Durango, Torreon, Parral and Gomez Palacio, the latter city falling into the hands of the rebels. Three hundred Federal troops at Gomez Palacio are said to have gone over to the insurgents, who have turned their attention to attacking the loyal forces at Torreon.

The fighting began at Durango at 4 o'clock this afternoon and an hour later all the wires were cut.

It is reported on good authority that twenty-five persons have been killed at Zacatecas. The government troops, it is also reported, quelled the uprising there and are in control tonight.

The wires north of Monterey have been cut and no reports are obtainable from beyond that point.

It is believed the insurgents are responsible for the cutting of wires.

A regiment of infantry was rushed to Orizaba, in the State of Vera Cruz, early today, in response to an urgent appeal from the authorities there for protection from rebellious working men.

The message said that the city officials since last Saturday had been in fear of an attack by the workmen, among whom revolutionary agitators were busy. It was rumored that rebels were gathered in force in the mountains.

War Minister Cosio declares positively that there has been no trouble at Zacatecas, where it had been reported a clash occurred between revolutionists and the military Saturday night. The minister exhibited a telegram from the military commander of the State of Zacatecas reporting all quiet.

Unofficial information concerning the situation at Zacatecas is meagre and comes here by way of Eagle Pass, Tex.

Railroad men and army officers are quoted as saying that 100 persons were killed.

Luther T. Ellsworth, American consul at Ciudad Porfirio Diaz, in Coahuila, says the seriousness of the rising has been exaggerated.

SONORA BORDER IS FREE OF SMUGGLING.

[ASSOCIATED PRESS NIGHT REPORT.]

BISBEE (Ariz.) Nov. 21.—Although it has been rumored for some time that arms had been smuggled into Mexico near Naco, the officials of both governments deny the reports.

The situation along the border in Sonora is quiet and the authorities of both the Mexican and United States government say they fear no uprising.

The arrest of eleven men at Cananea for voicing their sentiments against Americans last week has been the only incident of any importance in this neighborhood since the trouble originated.

EXCITED BRITONS.

LORDS PRESENT CASE TO NATION.

REDMOND SAYS THEY'RE METAPHORICALLY DYING.

Lansdowne's Resolutions to Be Introduced Wednesday Represent Attitude Taken by Unionists in Veto Conference and Rock That Caused Disaster.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, Nov. 21.—The Lords today presented their case to the country in the coming electoral struggle—a case which John E. Redmond, leader of the Nationalists, in a speech at Islington tonight, characterized as "metaphorically committing suicide as fast as possible."

It is understood the resolutions which Lord Lansdowne gave notice he would introduce on Wednesday represent the attitude taken by the Unionists' side in the veto conference and the rock on which the conference foundered. The resolutions follow:

"It is desirable that provision be made for settling differences that may arise between the House of Commons and this House as reconstituted, reduced in numbers in accordance with the recent resolutions of this House.

"That as to bills other than money bills such provision should be made on the following lines:

"If a difference arises between the houses in regard to any bill other than a money bill, in two successive sessions and during an interval of not less than one year, and such differences are unable to be adjusted by other means, it shall be settled at a joint sitting composed of the members of the two houses; provided, that if the measure relates to a matter of great gravity and has not been adequately submitted to the judgment of the people it shall not be referred to joint sitting, but submitted for decision to the electors by a referendum.

AS TO MONEY BILLS.

"That as to money bills the provision should be on the following lines: The Lords are prepared to forego their constitutional right to enact and amend money bills which are of a purely financial character provided effectual provision is made against 'tacking' and provided that if any question arises as to whether a bill or any of the provisions thereof are of a purely financial character, that question shall be referred to a joint committee of both houses with the Speaker of the House of Commons as chairman and who shall have a casting vote only. If the committee holds that the bill or the provisions in question are not of financial character they shall be dealt forthwith at a joint sitting of the houses."

The Liberals contend the adoption of these resolutions would render future Liberal governments as powerless as ever against the House of Lords.

The session of the House of Lords today was devoted to the veto bill, the Earl of Crewe introducing this measure for a second reading.

Lord Lansdowne, leader of the opposition, after criticising the measure, moved an adjournment until Wednesday, when he promised to introduce resolutions which he thought might result in breaking the deadlock of the two houses.

BUSY PREPARING.

The country now is too busily engaged in preparations for the election to take much interest in the doings of the expiring Parliament. Austen Chamberlain, in a letter published tonight, declared the maximum duty "the tariff reformers" will propose on foreign wheat will be two shillings per quarter, that colonial wheat shall be free, and flour taxed somewhat higher to encourage home milling.

Chancellor Lloyd George at the East End tonight made a great play on the "American dollar" agitation. He asked when had the British aristocracy begun to despise dollars. Many of the noble houses, tottering, had their foundations restored by a pile of American dollars, and, he added, in twenty years $18,000,000 had been paid by the children of Irish peasants across the sea in cruel rack rents to aristocratic Irish landlords.

He denounced Rosebery's and Lansdowne's reform proposals as useless shams.

Cousin of Count Boni De Castellane Pierces Arm of Adversary in Second "Round," Leaving Opponent at His Mercy—Skating Rink Fall Causes Jabbing Fast.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, Nov. 21.—[Exclusive Dispatch.] Real blood was shed in two French duels today, Count Raymond de Castellane, cousin of Count Boni, splitting Count de L'Estang's right arm in the first duel and Georges Cassela punching his rapier through Jean Marmould's right arm in the second affair of honor. None of the participants were seriously wounded and honor was satisfied.

The encounter followed a brawl in a skating rink. De L'Estang didn't like De Castellane and during the grand parade, when the elite of French society was trying to skate and be graceful at the same time, De L'Estang tripped Count Raymond, causing him to fall with unseemly lack of dignity to the icy floor. Raymond sent his seconds to wait upon De L'Estang and "swords and coffee" for two were arranged.

As American sporting writers say, the first round ended with honors even and blood unshed. In the second round De Castellane showed his superiority with the foils, and his sword pierced the muscles of his foe's sword arm. De L'Estang, helpless, dropped his rapier and stood at the mercy of his enemy.

Honor being thus repaired, surgeons patched up De L'Estang's punctured arm.

Oakland Woman Drags Asphyxiated Couple From Gas-Filled Room in Nick of Time.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, Nov. 21.—Overcome with the deadly fumes from a gas heater installed in the bedroom of her home in Alameda, Mrs. P. J. Booth, a 23 years old bride, was in a lifeless condition when her husband made his way into the apartment and in turn became suffocated from the deadly fumes and fell unconscious beside the body of his wife. The couple were missed by Mrs. H. Booth, the mother of the bridegroom, who went to make an investigation and found Booth's arm encircling his wife's body and both unconscious.

Using every effort she managed to get both man and wife out of the room and into a clear space. Dr. James A. Riley was hastily summoned and worked over the couple until the early hours of the morning before he gave any hope of their recovery.

WOMAN SHOOTS DETECTIVE.

Railroad Telegraph Operator Says She Was Forced to Protect Herself From Father of Two.

[ASSOCIATED PRESS NIGHT REPORT.]

MONONGAHELA (Pa.) Nov. 21.—Iva Bush, aged 27, a telegraph operator at Baird tower, on the Pennsylvania Railroad near here, declared tonight that the shots she fired at Harry F. Smith, a railroad detective early today, were intentional and necessary to defend herself. She is held in $2000 bail, while Smith, who has a wife and two children, is in the hospital with a wound in the hip.

In the night Smith went to the tower and found Edwin Lloyd, a close friend of Miss Bush, visiting her. He arrested Lloyd, taking him to the office of Alderman A. R. Day, where he was told no charge could be preferred, so Lloyd was released.

After midnight, as Miss Bush returned by a freight train to her home at Monogahela, Smith approached her. She says she fired twice to frighten him away, but he seized her and as he held her, she shot him in the side.

Miss Bush supports a widowed mother and a sister in Springfield, Ohio. She says that a month ago, in one of Smith's midnight visits to the tower, she was obliged to use her revolver to compel him to leave.

FIFTEEN POLICEMEN GUARD MILLIONAIRE'S SON-IN-LAW.

De Beaufort, Thrown Out by Chicago Man Whose Daughter He Married and Mistreated, Trots Out With Dog at Music Hall With Best Press Agent Dope to Boost Him.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Nov. 21.—[Exclusive Dispatch.] Guarded by fifteen policemen Count Jacques Alexander Von Mourik de Beaufort made his first appearance on the stage today. The Count went through a sketch occupying seven minutes by the clock. It consisted of two songs, a pathetic tale of the heroism of his dog Bob and a curtain speech.

De Beaufort sings baritone but the melody of his songs was heard only intermittently as the American music hall audience preferred to applaud his singing rather than listen to it. Men from the Auditorium frequently shouted words of exhortation to the Count when he appeared discouraged.

Two of the policemen found work to do when one zealous spectator shouted: "Put him out!" during one of the solemn moments of the Count's performance.

The Count at the last moment decided not to tell the story of "The Battle." "Col. Bill" Thompson, impresario, explained that his "star" had done enough in seven minutes and anything else was likely to spoil the act.

The Count made his first entrance unassisted except for a piece of music. He sang a ballad entitled "The Girl of My Dreams," which, with his later song, "The Little Maid of Old Chicago," was the only mention made of his love for his wife, formerly Miss Irma Tracy Kilgallen, daughter of M. H. Kilgallen. When he next marched to the footlights the Count was accompanied by Bob, Bob, advertised to perform, did so by carrying a basket of flowers in his mouth and following the Count everywhere.

Following another ballad, the audience shouted for more, and the Count returned for a speech.

"I can't tell you how much I love this reception," he said. "Some people seem to think I should go into retirement. They would like me to take a job as railroad engineer for $25 or $30 a week. But I like this job very much."

The other performers started to have fun with the Count when he appeared for the final rehearsal.

"I make more in one day in my act than you do in a week," was his retort to one fellow workman who was completely squelched.

Reports that his creditors had attached his salary did not worry him.

"I am doing this to get money to pay my bills," he said.

The vaudeville people say De Beaufort will be sent over an eight weeks' circuit.

Hitchcock Raids Big Concerns.

Says Public Has Been Defrauded of Hundred Million in Five Years.

Postmaster-General in Person Leads Detectives Into Offices.

Oil and Mining Stock of No Value Sold, He Charges; Wireless Also.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Nov. 21.—In raids so important that Postmaster Hitchcock took charge in person, inspectors took action today against two concerns which they charge with swindling the public out of more than $40,000,000 by fraudulent use of the mail.

Sheldon H. Burr, president; Eugene H. Burr, secretary-treasurer, and Frank H. Tobey, vice-president of Burr Brothers, were arrested in the first raid and held in $20,000 bail each.

The government charges the firm sold between $40,000,000 and $50,000,000 of mining and oil stock worth little or nothing.

Charles L. Vaughan, a director of the Continental Wireless Telegraph & Telephone Company, incorporated in Arizona, was taken in the second raid and held in $10,000 bail.

Inspectors say his company has sold stock amounting to at least $1,000,000, which has brought no return to investors. Vaughn is treasurer of the Columbia Finance Company, which acts as fiscal agent of the Continental company, and had charge of the Continental office in this city.

PART OF CAMPAIGN.

"Both raids today are further evidence that the government in its warfare against alleged interests swindling people's business has no longer will be content with issuing fraud orders depriving them the use of the mail, but will press for convictions on criminal charges.

The present campaign began some months ago and has resulted in the arrest of Louis A. Cella of St. Louis, and his associates, charged with operating a string of bucketshops, the officers of the United Wireless Company, of the El Progreso Banana Company, of the United Exchange of Chicago, of the Steel-Miller cotton firm of Corinth, Miss., and of more than sixty other firms in all parts of the country.

Postmaster-General Hitchcock estimates the public has been fleeced out of at least $100,000,000 by get-rich-quick concerns in the last five years, but he says their heyday has gone. He said today that other arrests, involving corporations that had sought investors throughout the country, were expected shortly.

HITCHCOCK TALKS.

"The arrest today by postoffice inspectors of the principals in two important companies, Burr Brothers, with offices in the Flatiron Building, and the Continental Wireless Company, with headquarters at No. 56 Pine street," said the Postmaster-General, "constitute two more cases in the series of investigations which postal officials have been making in their crusade against the fraudulent use of the mail."

"With the work accomplished today, seventy-eight cases have been brought to a head with in a year. It is estimated the swindling operations of these seventy-eight cases have fleeced from the American people in a period of five years over $100,000,000.

"The crusade now in progress is the result of a carefully laid plan of some months ago, the first step in which was a thorough reorganization of the inspection service with the selection of a new postoffice inspector. When certain changes and reorganizations were effected, instructions were issued to the newly assigned inspector-in-charge to take up and prosecute vigorously all pending cases of fraud.

AFTER HIGHER-UPS.

"Owing to the extent of those cases and the large amount of work involved, it was necessary to detail a considerable portion of the force of inspectors.

"In order to strike at the root of this evil, the Department directed its agents to go after the men higher up in these gigantic schemes to defraud, and to allow no influence, however, powerful, to prevent the proper punishment of the offenders. Through the assistance of the Attorney-General the full co-operation of his Department was secured in the successful carrying out of this crusade.

"As the work of investigation proceeded, it became apparent the fraudulent use of the mail was far more extensive than had been realized. A vast system of fraud, as far-reaching in its ramifications as the postal service itself, had been developed by unscrupulous men, who through the grossest forms of misrepresentation were stealing from the people millions of dollars annually.

"These fraudulent operations have not only swindled thousands of innocent investors, but have created a lack of confidence in legitimate business enterprises. It is therefore as important to the business community to have these frauds stopped as it is to the people whose losses are directly traceable to them.

CHANGE IN PROCEDURE.

"Formerly the procedure in such fraud cases was entirely different. It was the practice to issue a fraud

BOLT CLERKS TO WAGE CART.

Constitution Framers Save Jeopardized Jobs.

Arizona Delegates Get Busy. Time Nears End.

Delegate's Pet Proviso Goes Glimmering in Rush.

[BY DIRECT WIRE TO THE TIMES.]

PHOENIX (Ariz.) Nov. 21.—[Exclusive Dispatch.] Woe and anxiety were with the clerks of the constitutional convention this morning, for their jobs were under fire. Chairman Short of the printing committee made a report asking that half the clerks on the pay-roll be "fired." He said they not only did no work, but got in the way of clerks who wanted to work. But the convention majority, on the basis of a quasi contractual condition, refused to discharge any employees, and then proceeded to elect R. O. Whitesides, a well-known Democratic politician of Douglas, to the purely honorary position of door keeper, one of the door keepers having violated Democratic precedent by resigning.

Spurred to activity by the near approach of the time limit fixed by Congress, the convention did a large amount of work today and cleared the table of everything reported except the educational bill, on which a start will be made in the morning.

Nearly a score of propositions were indefinitely postponed, mainly because of duplication. The rights of municipalities were thrashed out and a clause adopted that confirmed all present privileges. This effectually placed in the constitution the present segregation law bitterly opposed by prohibitionists, who now are unable to include towns in their county elections, under the local option law.

The municipal section, like most of the constitution so far adopted, is bulky. The section on organization of municipalities alone covers two typewritten pages. One of the Democratic members, waking up to a situation that has long been evident to the public at large, protested against this as being legislation in the minutest detail, not proper in a constitution. But there was a Democratic majority for the legislation as usual.

A mine inspector has been provided for, but Delegate Cunniff's pet measure creating the office of State geologist was killed. It is told that Mr. Cunniff, who is one of the convention's leading reformers, was to have been a candidate for appointment to the office.

FIRE UNCOVERS HOBBIES.

Eccentric Illinois Bachelor Has His Home Filled With Musical Instruments—It Burns.

[BY DIRECT WIRE TO THE TIMES.]

BLOOMINGTON (Ill.) Nov. 21.—[Exclusive Dispatch.] Neighbors hastening to the aid of John Bowman, an eccentric bachelor residing near Stonington, when his house was destroyed by fire, were amazed to discover that the structure was full of musical instruments, among them being three pianolas, five graphophones, ten violins and many other varieties of instruments.

The total value of the collection, including the records for the graphophones, was $20,000. He purchased a carload of the records and had them stored in various portions of the house, several cases having never been unpacked. Having plenty of money, Bowman indulged his musical fancy. He had also become fond of automobiles, and has five stored in various sheds.

One touring car which cost him $3000 was utilized by the chickens for a roosting place.

INDIANS AMBUSHED.

HELENA (Mont.) Nov. 21.—The death of two Indians of the Crow reservation who were shot from ambush while rounding up stock that has been turned out on the reservation in defiance of the law, is attributed to cattlemen whose herds have been grazing in this territory and posses are in pursuit today of five men who are alleged to have been implicated in the crime. Two other Indians were wounded, perhaps fatally, by the attacking party. Officials of Carbon county are making an inquiry into the affair.

order against the guilty concern. This method proved ineffective; while it deprived the offending concern of the use of the mail, it was a simple matter for its operators to reorganize under a new name and thus evade the laws.

"In the department's present crusade, the practice has been to proceed immediately to the arrest of the principals in the fraudulent enterprises, the object being to secure prompt conviction and imprisonment.

"The results already accomplished present only the beginning. The work of investigation and prosecution will proceed with all possible vigor until the swindling of the people through the use of the mail ends."

SPECIFIC CHARGES.

The specific charge against Vaughan, set forth in the complaint of William B. Robinson, postal inspector, is that on June 4, 1910, he devised a scheme to defraud Walter N. Altman, of 2001 Clay street, Topeka, Kan., "and divers other persons," by fraudulent use of the mail. It is alleged he falsely represented that the Continental Wireless was to operate and control other companies, and would be in a position to obtain immediate revenues.

Carter R. Keene, postal inspector, told the story of Continental Wireless. The company was organized, he said, in Arizona, on October 1, 1909, with a capital of $5,000,000, but did not begin operations on a large scale until May of this year.

It obtained control of the Collins Wireless Telephone Company, the Pacific Wireless Telegraph Company, the Clark Wireless Telegraph-Telephone Company, and the Massie Wireless Company.

The Columbia Finance Corporation was organized to market the stock, and an ambitious selling campaign was carried on all over the country.

WIRELESS "BUSINESS."

The Collins Wireless Company was organized in the District of Columbia with a capital of $1,000,000. The capital of the Clark Company was $25,000,000; that of the Pacific company, $10,000,000, and that of the Massie, $300,000.

The purpose of the consolidation, as announced in a booklet issued by the Continental Wireless, was to give the company a wide field of operation and to give investors an assured investment in a "conservatively capitalized corporation."

"One of the statements," said Inspector Keene, "read that by taking over stations already established and adding others at Pittsburgh, St. Louis, Omaha, Denver, Salt Lake City, and Reno, a transcontinental service would become possible.

The Collins company, said Inspector Keene, had its headquarters for a number of years in Newark, N. J., where a Frederick Collins, a wireless inventor, had his laboratory.

OTHER COMPANIES.

The Clark company was organized and controlled by Thomas E. Clark, an electrical engineer of Detroit.

The Pacific company had its headquarters at Los Angeles.

The Massie company was organized by Walter W. Massie, an electrical engineer of Providence, R. I.

In a circular sent out from the Continental headquarters in this city there were given the names of the first set of officers. F. T. Davis of Philadelphia was listed as president, A. L. Vaughan as vice-president and treasurer, Massie as director of the operating department, C. B. Walter as secretary, Clark as general manager, and Collins as technical director.

Samuel D. Bradford, a promoter of the Pacific company, was given as manager of the Pacific Coast department. They constituted the board of directors, with these additions: Frank Ford, a banker of Detroit; N. A. Hawkins, business manager of a Detroit automobile company; A. C. Jessup, a New York steel man; A. J. Lauer, secretary of a brewing company of Auburn, N. Y.; Fred Shoemaker of Seattle; Gen. Joseph E. Stepplebein of Atlanta; Max Loewenthal of New York, Henry W. Lee, a Chicago publisher; Sylvester Sullivan of New York, George M. Davis of Wilmington, Del.; Isaac Gans of Washington, and Judge Edwin R. Cochran of Wilmington, Del.

OFFICERS RESIGNED.

Several officers resigned after the concern got under way. President Davis was retired and was succeeded by Bradford Vaughan. Directors Lauer, Shoemaker and Cochran resigned, as did Mr. Massie and Mr. Clark.

President Burr of Burr Brothers was not in his office when the raid was made. Inspectors found him later and when arrested he remarked, quietly:

"It's all ended."

None of the prisoners could furnish bail, and all spent the night in the Tombs.

Assistant District Attorney Dorr said under the new law in effect January 1 of this year, the maximum penalty for a single fraudulent use of the mail is five years' imprisonment, and that the offender could be charged with a violation for every letter proved to have been sent through the mail.

After the raid Inspector Reddy was sitting in Burr Brothers' offices when the telephone bell rang and David Buick called up from Flint, Mich., he said, to ask for particulars about the raid, and what its effect was likely to be. When Reddy declined to give any information, Buick, he said, declared he was coming to New York immediately.

Branch offices of the Burr Brothers at Bakersfield, Cal.; Los Angeles and Seattle were closed by the postal authorities several months ago.

PRESTON ARRESTED IN PORTLAND, OR.

[ASSOCIATED PRESS NIGHT REPORT.]

PORTLAND (Or.) Nov. 21.—E. W. Preston was arrested here tonight on a warrant charging him with using the mail to defraud. The arrest, according to the Federal officials, is in connection with the raid made in New York today on Burr Brothers.

Preston was arrested as he was transferring from a train which arrived from Spokane to the San Francisco train.

Information that he was on the train and a request for a warrant for his arrest came to United States Marshal E. B. Coldwell today from the postoffice inspectors who were watching Preston.

Preston's bail was fixed at $15,000, which he was not able to furnish.

Preston says he has at present no connection with Burr Brothers, and has not been interested in any of their properties since July last. To that time he had been vice-president and field manager of the Coalinga Alladin Oil Company, New York Coalinga Company; Coalinga Crude Oil Company; Consolidated Oil Company, and the People's Associated Oil Company, all of Coalinga, Cal., and the Kern Western Company of Bakersfield.

Preston says all of these were Burr properties.

Preston states he has never had anything to do with the selling of the stock of these companies, and that he never intentionally made any report that could be used to promote the sale of stock.

AWAITING CRITICAL HOUR.

Ten O'clock This Morning Life or Death to Motorcycle Patrolman Coe—Probably Former.

The coming of 10 o'clock this forenoon is eagerly awaited by hundreds of Angelenos—police officers, surgeons and friends of Motorcycle Officer Coe. That hour, should no symptoms have developed by then, will mark the passing of all danger of meningitis in his case and assure the ultimate recovery of the gallant officer whose skull was shattered in an accident sustained while he was doing his duty on West Pico street Saturday morning.

It was 9 o'clock Saturday morning when Police Surgeon C. A. Wright began the operation of removing the shattered bits of skull from Coe's brain in the Receiving Hospital. With Dr. Wright were Drs. W. W. Richardson, H. H. Koons, C. W. Cook and Police Surgeon W. E. Carter, who administered the anesthetic. Remarkable as it may be, the patient's scalp, despite the great violence with which he had been thrown against the telephone pole, had not been broken in any place, but the trained eye of Police Surgeon Wright quickly detected the urgency of a cranial operation. Subsequent developments demonstrated that to have waited a couple of hours longer would have written the death certificate of the patient, due to the rupture of the meningial artery which was continually enlarging the clot on the patient's brain.

Ten o'clock today will mark the passing of the seventy-second hour since the completion of the operation. All who are familiar with the case, doctors and nurses, are sanguine that this hour will be passed with no untoward symptoms of the dreaded complication.

Late yesterday evening, Officer Coe chatted easily with his wife at the Hospital, showing himself perfectly rational in every respect. His condition was otherwise gratifying.

Realty Board Urges Mayor and City Council to Take Advice in Aqueduct Bond Sale.

At a meeting of the governing committee of the Los Angeles Realty Board yesterday the following resolutions, approving the proposed refinancing of the aqueduct, were unanimously adopted:

Resolved: That the Governing Committee of Los Angeles Realty Board believes that the situation now confronting the City of Los Angeles in relation to the Owens River Aqueduct may prove a most serious drawback to the progress of the city, and that any delay in the completion of the aqueduct would inevitably result in very heavy direct financial loss, damage to the prestige of the city, and consequent loss in growth and development, aggregating probably millions of dollars, and that the present condition is already exciting unfavorable comment, locally and elsewhere;

That, realizing that our present Board of Public Works, together with William Mulholland and his associates, and the Advisory Committee of the Aqueduct, comprising Maj. H. T. Lee, J. A. Fishburn, W. B. Matthews and Stoddard Jess, have demonstrated their ability in the conduct of this great enterprise; and havin the fullest confidence in the experienced finan cial judgment of W. J. Washburn and George H. Stewart of the Finance Committee of the City Council, we, the Governing Committee of Los Angeles Realty Board earnestly request the Mayor and City Council of Los Angeles to advance the completion of the aqueduct by all possible means, and especially urge that the advice of the aforesaid civic officers be adopted in the matter of the sale of aqueduct bonds.

WASHINGTON.

SHIPPERS HAVE THEIR INNING.

Scientific Management Is All the Railroads Need.

Will Take Place of Increased Rates, They Say.

Experts Tell What Can Be Done by New System.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Nov. 21.—The shippers had their inning today in the contest before the Interstate Commerce Commission over the proposed increases in freight rates on eastern trunk lines. Their contention was that the real solution the railroads need for greater net income lay in scientific management.

This was the burden of the whole day's proceedings, the only witness for the railroads being President Joseph Ramsey, of the Ann Arbor Railroad, the former head of the Wabash system, who defended the proposed increases as vitally necessary in view of increased cost of operation and materials.

The hearing will continue through the week and the commission will not be prepared to decide the case, which involves an increased tariff on several thousand articles, until well into next year.

"SCIENTIFIC SYSTEM."

The shippers' case is in charge of Louis D. Brandeis of Boston, representing the commercial organizations of the Atlantic seaboard, who sprang his "scientific principle" doctrine in his statement of the case at the opening of today's hearing. His witnesses were H. K. Hathaway and James Mapes Dodge of Philadelphia, both heads of big manufacturing concerns.

Mr. Hathaway testified he joined the Philadelphia concern in 1904 with the especial purpose of installing the scientific idea in the plant, and that since the change, the cost of production had been reduced about 20 per cent. and the business transformed from a losing to a profitable venture. His testimony was largely devoted to a detailed description of the minute workings of his system.

GREATER OUTPUT.

"How does the output in 1904 compare with that of today?" asked Mr. Brandeis, seeking to show the advantages of the "scientific system."

"We are producing three times as much," replied the witness.

Mr. Dodge testified the same system exactly was in force in his plant. His slogan was "absolute fairness with the workmen."

He said under the scientific management his companies manufacturing "digestion was very much better," that the company had been able to eliminate night work and that the efficiency of his shop was double that before the inauguration of scientific methods.

Mr. Dodge declared that any shop in the world in a competitive business, that does not vastly improve its methods over those of five years ago, would have to go out of business today.

NEW MEXICO CONVENTION ENDS WORK OF FRAMING CONSTITUTION.

[ASSOCIATED PRESS NIGHT REPORT.]

SANTA FE (N. M.) Nov. 21.—The Constitution formulated by the convention which closes today contains 20,000 words, 130 sections grouped into twenty-two articles.

Probably no other commonwealth ever was confronted with the peculiar difficulties which faced the Constitutional Convention when it convened. Unique and paramount, despite repeated denial, was the race and language question. The 135,000 people of New Mexico who are of Spanish-American descent demand protection of their equality before the law, retention of their ancient rights and privileges, suspicious on account of the Federal Enabling Act which demands that the State officers and legislators must speak English. They insisted upon guarantees that were difficult to formulate without giving them a wider intent in other directions than intended.

HEED MR. TAFT'S ADVICE.

This task was made no easier by the fact that one-half of the Republican majority was of Spanish-American descent, while the Democratic minority had not one delegate of that race.

The convention also bore in mind the advice of President Taft to formulate a "safe and sane" Constitution—a Constitution unlike that of Oklahoma—as well as the many restrictions and conditions imposed by the Enabling Act. It, too, had to take into consideration the insistent demands for progressive features, a demand out of which the Democratic minority naturally made the most political capital.

The convention was compelled to listen to the plea of vested interests and capital that New Mexico needed railroads and capital for development and that nothing should be done to hamper future development.

The various debts of the counties which the new State is to assume; the regulation of the land donations of 13,000,000 acres; the regulation of the liquor traffic and kindred questions had to be dealt with.

THE NEW FEATURES.

As a result, a Constitution following along the older models was adopted.

An elective corporation commission with these salient new features: having no judicial powers but nevertheless the right to regulate rates for transportation and transmission, to grant charters and to supervise corporations. An automatic arrangement immediately takes the decisions of the commission up to the State Supreme Court, which must pass upon them judicially without delay.

The initiative and referendum were rejected, but a referendum clause was included which enables 25 per cent. of the voters upon petition, to suspend a law within ninety days of a legislative session and a 10 per cent. of the voters upon petition to submit a law passed by the last Legislature to a popular vote at the next election, while a majority of the Legislature may submit to the people Constitutional amendments.

Prohibition and local option were excluded but the way was left open to the next Legislature to deal with these questions and a stringent anti-pass section was adopted.

BOUNDARY DISPUTE A FEATURE.

The Constitution raises a boundary dispute with Texas and Colorado. It provides for an elective judiciary from top to bottom, and for elective State officers. It limits the tax rate to 12 mills the first two years and 10 mills after that. It grants to women the right to vote at school elections and makes them eligible to school directorates and school superintendencies of counties. It abolishes the fee system at present the rule. It prohibits separate schools for Anglo-Saxons and Spanish-Americans and provides for payment by the State of the railroad bond indebtedness of $1,000,000 through the sale of 1,000,000 acres of land granted by Congress.

No distinction is to be made in the franchise, jury duty, or in holding office other than that of State and Legislature on account of inability to speak English.

Outside of these clauses the Constitution resembles very much that of the United States and of the older States, being briefer than the latter and including much less legislation than those of Oregon and Oklahoma.

The convention believes that it has formulated a fundamental law that will be ratified by the people and approved by Congress and President Taft.

RAILROAD RECORD.

ASK COURT TO HOLD UP RATES.

Roads Oppose Operation of Tariffs to Coast.

"Unreasonable," Avers Lawyer at San Francisco.

Official Cites Law to Support Commission.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Nov. 21.—Before Judges Gilbert, Ross and Morrow, sitting en banc in the United States Circuit Court, argument was begun today on a motion to make permanent the injunction forbidding the Interstate Commerce Commission to reduce freight rates on certain commodities between Missouri River points and Washington, Oregon and Arizona.

The argument was opened by C. A. Durbrow for the Southern Pacific. He maintained that the Interstate Commerce Commission had exceeded its powers in making the reduction to which the twenty-two western railway companies were objecting. He argued also that the reduction itself was unreasonable inasmuch as it would cause a loss to the railway companies of millions of dollars. His own corporation estimated its loss at $1,000,000.

He was followed by attorneys representing other railway companies before the representatives of the commission began their arguments.

Attorney C. O. Whittemore argued the rates should have been fixed upon a mileage basis instead of having been "blanketed."

SUPPORTS THE COMMISSION.

Assistant United States Attorney-General Lamb took the stand that railroads do not make their profits on given rates, but on the amount of traffic handled over the road, arguing that the revenue is increased with the stimulation in business that results from the conservative reduction of rates. He said it costs no more to haul 30,000 pounds of silk than the same bulk of sand, but that the railroads charge more for the hauling of silk because of its greater value, the rate being much higher than the difference in the insurance.

Lamb pointed to the Hepburn bill, saying that under it Congress had given the Interstate Commerce Commission the right to fix rates for the future. He also called the court's attention to the fact that the railroads had been given ample opportunity to be heard in the present matter. The official will continue his argument tomorrow.

PACIFIC CRUISERS IN BAY.

[ASSOCIATED PRESS DAY REPORT.]

WILL GREET JAP VISITORS.

SAN FRANCISCO, Nov. 21.—The Pacific cruiser fleet, commanded by Rear Admiral Barry, arrived here today from the Southern California coast where the vessels have been engaged in target practice. The fleet, consisting of the flagship West Virginia and the armoured cruisers California, Colorado, South Dakota, Maryland and Pennsylvania will remain in port during the stay of the Japanese cruisers Asama and Kasagi, which are expected to arrive tomorrow from the Orient by way of Honolulu.

FARM SPLITS COUPLE.

RANCHER IS GRANTED DIVORCE.

[BY DIRECT WIRE TO THE TIMES.]

OROVILLE (Cal.) Nov. 21.—[Exclusive Dispatch.] Charles H. Pitkin of Gridley, this county, had to choose between his wife and his farm and he chose the farm. Mrs. Pitkin chose life in the city of San Jose in preference to life on her husband's farm. Pitkin has just been granted an interlocutory decree of divorce here on the ground of desertion. He married the San Jose girl some time ago and she could not make up her mind to give up gay city life for one in the rural district. She preferred divorce rather than to forsake San Jose.

SAYS DEED IS FORGED.

WRITING EXPERT ON STAND.

[BY DIRECT WIRE TO THE TIMES.]

COLUSA (Cal.) Nov. 21.—[Exclusive Dispatch.] In the Williams-Kidd contest over an alleged deed to the valuable property of the estate of the late W. H. Williams of Williams, this county, the stand was occupied all day by Carl Eisenshimel, the well-known handwriting expert, who described in great detail his reasons for declaring the signature on the alleged deed a forgery. By taking the signature and comparing it, point by point, with a known signature of the deceased, he showed that the signature on the deed is built up piece by piece, according to his theory. He also pointed out that the punctuation is different on the two signatures. The trial will close this week.

CONGRESSMAN'S DAUGHTER WEDS.

MISS EVA SMITH BECOMES THE BRIDE OF E. P. LARSEN.

Both Are Graduates of the State University of Berkeley and the Marriage at Bakersfield Is Sequel of Their College Days' Romance. Sheep Expert Dies.

[ASSOCIATED PRESS NIGHT REPORT.]

BAKERSFIELD, Nov. 21.—At the First Congregational Church this evening Esper Signius Larsen of the United States Geological Survey, and Miss Eva Smith, daughter of Congressman and Mrs. S. C. Smith of this city, were married, Rev. Edgar R. Fuller, pastor of the church, officiating. Miss Dorritt Smith, sister of the bride, was maid-of-honor and W. C. Mendenhall of the Geological Survey, the best man. Both bride and groom are graduates of the State University at Berkeley, and the wedding is the sequel of their school days' romance. They will leave in a few days for their new home in Washington, D. C.

MEETS OIL MEN.

George Otis Smith, director of the United States Geological Survey, informally met the oil men interested in the local fields, at the Southern Hotel today. While he has declined to make any statement for publication, he talked freely of the situation with the oil men, in order to gather from them as much data as possible for the report he will give on his return to Washington.

SHEEP EXPERT DIES.

M. J. Avila, a sheep expert, who came here from Portugal seven years ago to take charge of the sheep department of the Miller and Lux ranches, one of the largest sheep ranches in the State, died last evening. Avila was said to be one of the best sheep experts in this country.

ALL THERE SUNDAY.

All the Old and Favorite Features of "The Times" in Next Sunday's Issue.

With its new octuple press running, its fine sextuple color press once more in working order, and two other great perfecting presses agoing, The Times will be able to restore next Sunday every one of its popular features and departments.

The Times has printed for the past month the biggest Sunday newspaper on earth with the most advertising; but there have been some things lacking, on account of the injury to its equipment by the heartbreaking disaster of October 1.

Gradually, the equipment, typographical, dynamical, art, engraving, stereotyping, printing, and all, has been rehabilitated. The coming week will see The Times able to cope with any mechanical or journalistic emergency. Next Sunday's issue will be a Colossus and a beauty, with nothing worth while left out.

AIR MESSAGE OFF COURSE.

Wireless From Key West to Norfolk, Va., Is Distinctly Read by Operator at Vallejo.

[ASSOCIATED PRESS NIGHT REPORT.]

VALLEJO, Nov. 21.—A message in transit through the air from Key West, Fla., to Norfolk, Va., was received by Operator Bennish at the United States station at the Mare Island Navy Yard early this morning. Every word of a conversation between the two operators on the Atlantic Coast was distinctly read.

At 2 o'clock tomorrow morning a message will be sent from Mare Island to Key West, a distance of 3889 miles. It is believed by experts here that direct communication can be established across the continent.

POLT FOR FOUNDLING.

CHARITY GETS ESTATE.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Nov. 21.—[Exclusive Dispatch.] A severe jolt to Mrs. Florence V. Bourne, formerly known as Florence Hutchinson, was found today in the will of the late Anna M. Hutchinson, offered for probate. Mrs. Bourne, supposed to be an adopted daughter, received but $5, the rest of a $5000 estate going chiefly to charity. In the will Mrs. Hutchinson says she took Florence from a public institution when two months old but that she never adopted the child. A collection of antique furniture is left by the will to the Park Memorial Museum. The chief article of interest is a Chippendale chair of mahogany which it is believed that George Washington sat in when he reviewed the Colonial troops at Salem. Bethany Church receives the bulk of the rest of the property.

LODGE IS SILENT.

United States Senator Makes No Comment on Foss's Demand That He Withdraw.

[ASSOCIATED PRESS NIGHT REPORT.]

BOSTON, Nov. 21.—United States Senator Lodge made no reply today to the demand of Governor-elect Eugene N. Foss that Senator Lodge withdrew as a candidate for re-election on the ground that he does not represent the sentiment of his State.

It was said today at the headquarters of Senator Lodge that nothing would be given out at present and possibly not at all, on the matter.

SLOPE BRIEFS.

Two Die in Wreck.

CHICO (Cal.) Nov. 21.—Conductor Ralph Crum and Brakeman A. B. Strong were killed today, eighteen miles from Stirling City, when the axle of a logging car broke, wrecking several heavily laden cars. Strong was buried beneath a mass of timber and workmen were occupied several hours in extricating the body.

Court Stays Thompson's Sentence.

SAN FRANCISCO, Nov. 21.—Dr. Robert Thompson, sentenced to twenty years imprisonment in San Quentin for the murder of Eva Swan, was granted today a ten days stay of execution to permit an appeal to be taken to the Appellate Court. Until the appeal is disposed of he will remain in the County Jail.

Oregon Dwarf Dies.

CANYONVILLE (Ore.) Nov. 21.—Minnie Pickett, aged 13 years and four months, and weighing only fourteen pounds, died here today. She is believed to have been the smallest person in the world for her age.

Impanel Damage Suit Jury.

SAN JOSE, Nov. 21.—The impaneling of a jury was begun today in the Superior Court in the action of Mrs. Catherine Ivancovich against ex-Truant Officer Frank R. Shafter, to recover $50,000 damages for the death of her husband, a prominent fruit dealer, who was killed two years ago by Shafter in a quarrel following the seizure of Ivancovitch's truant child by Shafter.

MR. TAFT IS STORM-TOSSED.

Cruiser Tennessee Which Carries Executive From Panama and Convoy Encounter Gale.

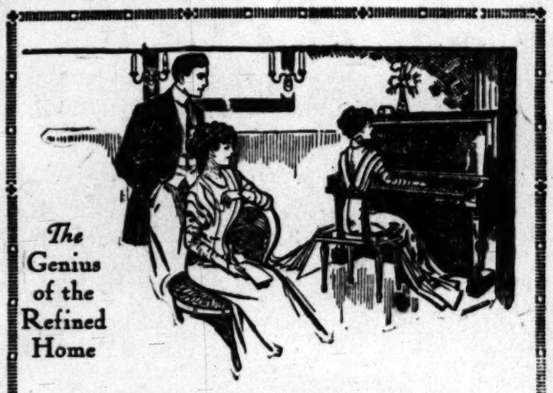
[ASSOCIATED PRESS NIGHT REPORT.]

AT SEA ON BOARD THE UNITED STATES STEAMSHIP MONTANA, Nov. 21.—[Via Wireless.] President Taft on the return home from Panama and Guantanamo, was in reality upon a high sea yesterday when the United States Cruiser Tennessee and her convoy, the Montana, was tossed about by a northwestern storm off the Northern coast of Florida.

For hours the vessels battled against a forty-mile gale. The President demonstrated that he is a good sailor and thoroughly enjoyed the blow.

When the storm struck, the speed of both vessels was reduced from 17 to 15 knots. Early today the gale cleared and in a fresh breeze the vessels steamed with renewed speed toward the capes.

It is expected Cape Hatteras will be reached early Tuesday and that the President will disembark at Norfolk Tuesday at noon.



The Genius of the Refined Home

the KNABE
PIANO

The name "Knabe" is associated so much with the names of famous artists and great musical events that it is necessary now and then to remind you that the "Knabe" is also found in the most exclusive homes in America. We have a little booklet called "Knabe Patrons," which you may have on request.

The Knabe is indeed the monarch of all concert pianos, but it is also the genius of the home—possessed of that peculiarly rich and sympathetic "Knabe" tone—a tone as satisfying and endearing as the music of the human voice when that organ attains perfection as the instrument of some great soul.

LIFE'S SEAMY SIDE.

FOUND AFTER FORTY YEARS.

Mother Writes to "Baby" — and Reunion Follows.

Fearing Death, Is Impressed With Old Crime.

Sees Children Whom She Deserted Long Ago.

[BY DIRECT WIRE TO THE TIMES.]

STAMFORD (Ct.) Nov. 21.—[Exclusive Dispatch.] Mrs. Willaim Bowie, who disappeared at Scranton, Pa., 40 years ago, leaving behind her four children, three boys and a girl, the eldest about eight years old, was found today by her youngest son.

Time passed with no word from her, and, after searching in this country and in Europe for her, the children, now grown to manhood and womanhood, decided that their mother was dead.

For upward of twenty years she has been living in Stamford with her third husband, Samuel Potter. Today her son., J. C. Bowie, of Scranton, found her here.

It seems that a desire to atone for a wrong she was led to do her children forty years ago is behind today's reunion.

A month or so ago the mother, now Mrs. Potter, became ill. Fearing that she was about to die her thoughts went back to the children and there arose in her a desire to see them if they were alive. The baby, John, had been her favorite, so she wrote a letter to John bowie, Scranton, Pa., told where she was and bade him to come to see her. The letter reached him and all four of the children came today.

THRILLS AT DANCE.

BROKEN SKULL, THREE ARRESTS

[BY DIRECT WIRE TO THE TIMES.]

JACKSON (Cal.) Nov. 21.—[Exclusive Dispatch.] Dancing was in progress at Michael Cavallero's home in Drytown last evening when Jack Sampo, a brother and a friend, entered. A young miner named Pistone was dancing with one of Cavallero's daughters when Sampo made disparaging remarks concerning them. The girl's mother sought to quiet both when Sampo raised a chair to strike her but broke the electric globe instead. Pistone sought escape by a rear door but was followed a hundred feet and when attempting to get through a wire fence, was caught and held by one while Sampo struck him repeatedly on the head with a rock, fracturing his skull. They then dragged their victim back to Cavallero's house and put him to bed. He was found dead early this morning. Constable Bona placed all three in jail.

DINNER CRAFT IS DUE.

Government Transport Laden With Thanksgiving "Goodies" for Soldiers Nears Journey's End.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, Nov. 21.—The transport Dix, the government's "Thanksgiving ship," is due in Manila today or tomorrow with a cargo of 3700 turkeys, forty barrels of cranberries, 600 pounds of mince meat and 50,000 Oregon apples stowed away in the refrigerators in her hold.

All these good things are the Thanksgiving of the government to the soldiers in the tropics and everything about the dinner is the very best to be had.

Never before has a Thanksgiving dinner been served from so great a distance as the one the "boys in blue" will eat on Thursday.

Most of the turkeys came from the East and when they reach the tables from which they will be served they will be nearly 15,000 miles from the place of shipment. The cranberries are from Maine, while the mince meat was made in California.

Now that the Thanksgiving ship has fulfilled her mission, the transport officials are getting ready to dispatch the Christmas ship from San Francisco. This will carry Christmas and New Year's repasts for the Philippines and also thousands of presents from relatives and friends of the soldiers in the islands. The Christmas presents are sent free from San Francisco to the islands, but expressage must be paid to San Francisco.

HOW IT'S DONE.

HARDTACK DIET FOR BEER FEST.

ABE SLUPSKY TELLS SECRET OF HIS CAPACITY.

St. Louis Policeman, Who Is on Twentieth Day of Twenty-Bottles-Per-Day Drink Wager, Says It's a Baby Task When You Know How to Feed the Stomach.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Nov. 21.—[Exclusive Dispatch.] Hardtack is one of the proper "chasers" to use when one endeavors to imbibe twenty pints of beer a day for thirty days, according to Col. Abe Slupsky, who is at present engaged in fulfilling such a contract on a wager. A similar undertaking was successfully performed by Slupsky twelve years ago. This is his twentieth day.

"It is the easiest wager I ever paid," said the little joke factory, as he lolled around his home today conditioning himself for the remaining days of his drinkfest.

"If you don't mix your drinks, twenty pints is a baby task."

Col. Slupsky is daily surrounded by facetious friends. Advice as to the best manner of reducing the amount of beverage he has to drink is heaped upon him. Straight from the bottle his friends insist would lessen the hardship of his task. The Colonel differs with them. He prefers to drink out of a glass like a gentleman.

"When I am about to swallow a bottle of beer I pour the liquid into a large lemonade glass and let it slowly slide down on the upper side of my tongue. Diet is the main thing if you want to make good on a liquor wager. White bread should be shunned. But hardtack and rye bread are very good. Especially hardtack; that's the thing.

"Thick beefsteaks smothered with onions are also good. Now where I get my rest is by finishing the work of the day earlier and loafing. I have to be through each day by midnight, but I am always up when the hands on the clock point to 3 or 4 in the afternoon."

TRAGEDY.

LOS ANGELES ACTRESS SHOT.

HUSBAND, JEALOUS, TRIES TO KILL VIVIAN LE ROY.

Arthur Morphey Commits Suicide in New Hampshire After Wounding Wife, Daughter of S. Kaboff o fThis City—Names Hotel Man in Letter.

[BY DIRECT WIRE TO THE TIMES.]

NASHUA N. H.) Nov. 21.—[Exclusive Dispatch.] Mrs. Arthur Morphey, known on the stage as Vivian Le Roy, daughter of Mr. and Mrs. S. Kaboff, Los Angeles, was shot and perhaps fatally wounded by her husband Saturday night. Jealousy was the motive.

Morphey turned the revolver on himself and inflicted a wound in the breast which resulted in almost instant death. The firing of the shots followed a quarrel. It was found that the bullet fired by Morphey had entered his wife's breast just above the region of the heart. There is a possible chance for her recovery.

The young couple were married about three weeks ago. Letters to the chief of police, the parents of his wife, Mr. and Mrs. S. Kaboff, Los Angeles, and others, together with a will, showed that the shooting was deliberate. The letter to the chief of police mentioned the name of James Farrell, clerk in a Philadelphia hotel, showing that Morphey was jealous of this man.

Wife of West Virginia Millionaire Indicted by Grand Jury Appears Unconcerned When Formally Charged With Poisoning Mate. Bail Hinges on Special Pleas.

[ASSOCIATED PRESS NIGHT REPORT.]

WHEELING (W. Va.) Nov. 21.—Mrs. Laura Farnsworth Schenk, wife of the wealthy pork packer, John O. Schenk, whom she is accused of attempting to poison, was taken into court today to plead to the indictment found against her last Friday by the special grand jury.

Mrs. Schenk, attired in the latest style and wearing an abundance of jewelry, appeared unconcerned and nodded and smiled to friends. She was not asked to plead, however, her attorneys saying that they would file five special pleas on Wednesday.

Mrs. Schenk was in the courtroom about ten minutes and was then returned to the county jail. Bail will not be considered until the special pleas are filed.

MUSTERED OUT.

Simple Services for Civil War Veteran and Former Mining Man of the North.

A simplicity and lack of ostentation well in accord with his own quietness of character, marked the funeral services of Capt. Charles Milton Brough, held yesterday afternoon at the undertaking parlors of Pierce Brothers. Rev. Baker P. Lee pronounced a brief eulogy upon the dead soldier and friend, and a touching duet was rendered by Prof. and Eben Ingram, of Monrovia.

The services at the grave in Inglewood Cemetery were conducted by Pentalpha Lodge No. 202 of the Masonic Order, at the request of El Monte Commandery No. 2, Ogden Chapter No. 2 and Weber Lodge No. 6, Knights Templar, of which Capt. Brough was a member. The pallbearers were Dr. M. M. Graves, Dr. E. B. Graham, Samuel Tyson, Nicholas Messer, N. E. Rice and C. L. Peebles.

Notable among the many beautiful floral offerings was a great wreath of roses and ferns tied with the colors of the Fifteenth Pennsylvania Cavalry, Capt. Brough's old regiment. This was sent by the three surviving members of that regiment in this city, Samuel Tyson, Nicholas Messer and Al. Price.

The death of Capt. Brough, which occurred last Wednesday at his home, No. 401 South Grand avenue, ended a life long both in years and usefulness. He was born at New Oxford, Pa., July 4, 1842. At barely 20 he enlisted in the Fifteenth Cavalry and saw three years service in the Civil War, being brevetted for bravery on the field of Antietam.

Following the war he engaged in mining business in Denver and Utah and, in 1893, served Ogden as her first Republican mayor. He removed to Los Angeles in 1905 and had resided here continuously for the last six years. He leaves a wife, Cora Stephens Brough; two sons, Dr. C. H Brough, of Fayetteville, Ark., and Knight M. Brough, of Vicksburg, and a daughter, Miss Flora M. Thompson, of this city.

TOO MUCH FOR HER.

Reception at the Ebell to Mrs. Wilcox Staggers the Poetess, So She Can't Speak.

Blushing like a young high school girl, Mrs. Ella Wheeler Wilcox was struck speechless by the reception accorded her at the Ebell Club, yesterday afternoon, and although the applause was politely deafening and the women smiled their sweetest encouragement, she was unable to say a word while she bowed graciously to her new-made friends.

Mrs. George Drake Ruddy, former president of the Political Equality League, rushed to the rescue and explained that the "extinguished" guest had been completely taken aback by the warm welcome accorded her, and that instead of the half dozen friends she had come prepared to meet she had come face to face with half the members of the largest woman's club in the country.

Mrs. Wilcox, as in the case of her Indiana contemporary, Booth Tarkington, is not a public speaker, and when "she blushed" with sweet confusion "the Ebell world" "blushed with her." Mrs. E. C. Bellows' introduction, which contained about all the good things that one woman posibly can say of another, was received with a gasp of expectancy, and when—but then every woman present knows just how she felt, and forgave her. It is a trait of human character that sympathy is not always with those who "make good," and Mrs. Wilcox made many more warm friends by her appearance before the Ebell Club yesterday.

After Mrs. Wilcox's retreat, the women settled down to the routine of existence and the club's business, and listened to an address by John Vance Cheney on "Our Inheritance here in the Southland" with readings of original verse. He made a plea to the club women to use their influence in aiding to preserve the old landmarks and missions of Southern California.

A meeting of the executive board is to be held tomorrow morning when it is presumed the increased per capita tax to the Los Angeles District Federation of Woman's Clubs will be attended to in the manner of the "Boston tea-party."

IN NEW QUARTERS.

Architects Celebrate Informal Opening and Discuss Annual Exhibition to be Held Next January.

Meeting for the first time in clubrooms large enough to hold its members, the Los Angeles Architectural Club last night celebrated its acquisition of the entire third floor of the building at No. 438 South Spring street. In the new rooms just leased are a large assembly hall which has been furnished for meeting quarters; class and lounging rooms, with dining hall and kitchen in connection. The informal opening was celebrated by feasting, music and short speeches. The formal affair will be held December 5.

Announcement was made by A. F. Rosenheim and President Myron Hunt that the preliminary work for the annual architectural exhibition to be held in January under the auspices of the club has progressed far enough to guarantee its success. Last year it was attended by 25,000 visitors. Sufficient funds have been pledged by the architects and others connected with the building trades to meet the heavy financial burden of the exhibition.

The committee on exhibits has secured a sufficient number of high class subjects to make this winter's exhibition even more interesting and instructive than last year. The display will be restricted to the work of local architects and designers, and will be in the nature of a record of the wonderful building progress experienced by Los Angeles and Southern California during 1910.

The Architectural Club now has a membership of nearly 200, and is one of the largest and most successful organizations of the kind in the country. Large classes are being conducted in both life and outdoor sketching, and classes are to be started immediately in stone, reinforced concrete and wood construction, and in the elements of architectural design for beginners.

CONSOLIDATION REJECTED.

Federation Club to be Maintained as Heretofore, and Campaign Made for More Membership.

A banquet was given at the Federation Club last night, to consider the report of the joint committee appointed by the Church Federation, Ministerial Union and Federation Club, to recommend a course of action for the successful maintenance of the Federation Club. It had been proposed to consolidate the three organizations under the name of the club, but the committee reported against consolidation and recommended a whirlwind campaign to secure 600 new members to the club.

About 200 persons attended the banquet last night, and heard addresses by Rev. E. P. Ryland, Nathan Newby and Rev. J. Whitcomb Brougher. Sixty new members were received at once, and $2000 was pledged for the club. Twenty-five ministers agreed to present the matter in their churches, and the report of the committee against a merger of the organizations was adopted, carrying with it the appointment of the following committee to forward the membership campaign: J. Whitcomb Brougher, Hugh K. Walker, A. C. Smither, Charles Edward Locke, William Horace Day, Bishop Johnson, Bishop Bell, B. B. Wilcox, L. M. Anderson, E. J. Lickley, A. E. Pomeroy, H. A. Getz and Nathan Newby.

WILTSEE RESIGNS.

Midway Will Select Man to Succeed Manager From Strongest Candidates in Oil Field.

At a meeting of the board of directors of the Consolidated Midway Oil Company, held yesterday at the offices of the company in the Wright & Callender building, the resignations of G. G. Gillette of Los Angeles, and Lee B. Durstine of New York as directors, were accepted.

E. A. Wiltsee, who, since the inception of the company has been the managing director in charge of operations in the field, tendered his resignation as manager of the field operations. Mr. Wiltsee retains his seat on the board. In accepting the resignation a resolution was adopted commending the work done under his supervision, particularly in bringing in the big well on section 30, and well No. 2, on section 32, which recently became a producer.

A successor to Mr. Wiltsee will be chosen from among the strongest oil men in the field, and this man will give his undivided attention to the field work of the company, and having under his direction the important work of finishing well No. 1, on section 32, which is on the eve of coming in; also the company's well on section 15, which is now down 2200 feet and on the verge of producing.

Messrs. Thomas E. Gibbon, J. Ross Clark, J. R. McKinnie, D. W. C. Merriam and H. Edwin Moore, all of Los Angeles, were elected to fill vacancies on the board.

An executive committee from the board of directors is to be chosen by President M. J. Monnette to supervise the business management.

ELTON IN A PORTLAND COURT.

Charles Elton, a bicycle dealer in Portland, Or., who says he is the Elton who was once Chief of Police of Los Angeles, was a defendant in the municipal Court in Portland yesterday on a charge of assault and battery on George Weiss, 13 years old. Weiss said he went to Elton to collect a bill, and that Elton demanded payment for a whell he had sold the boy on contract Argument ensued and Weiss declared Elton gave him a beating. The defendant denied the assault and the judge, after admjnistering a lecture to both parties to the controversy for going to court with such a trivial case, discharged Elton, according to a special dispatch received by the Times last night.

A new automobile peril is revealed at Paterson, N. J., by the case of James Greenbury, an 8-year-old child who was rendered unconscious by inhaling the exhaust gases from a passing automobile. He was revived at a hospital after heroic efforts. The boy got the full force of the exhaust in his face

FORTUNE HINGES ON TWINS BEING ABLE TO PROVE BIRTH PRIORITY.

[BY DIRECT WIRE TO THE TIMES.]

KANSAS CITY, Nov. 21.—[Exclusive Dispatch.] Attorneys Thompson, Stanley and Price, with offices in the Dwight building, are commissioned by Thomas Addington Glenne, of London, England, to assist in the unraveling of a legal tangle that would tax the wisdom of a Solomon. Mr. Glenne has engaged their services in the behalf of his daughter, Daphne Glenne, who is at present touring this country in a musical comedy.

Miss Glenne was one of a pair of twins. She and her sister, Sarah, were as much alike in every feature as the celebrated twins in Shakespeare's "Comedy of Errors" and to distinguish them the mother tied different colored ribbons around each of their tiny arms. Daphne was the elder by an hour or two. Two months after their birth and after they had been christened, both of the twins became very ill with an infantile disorder and one of them died. On the very night of its death the nurse removed the only means of identification, the ribbons, so that on the following morning when the child was discovered dead no one could tell which had died, Daphne or Sarah.

Finally they agreed that the living one was the elder, Daphne, and as such she grew up. Recently her uncle, John Glenne, a wealthy manufacturer in Devonshire died, and it was discovered on reading his will that he had left his entire fortune of £8,000, ($40,000,) to the eldest twin. This has caused a legal complication, as no one is certain whether the actress is the elder or the younger child.

JILTED, HE STEALS HER COW.

[BY DIRECT WIRE TO THE TIMES.]

WAUKEGAN (Ill.) Nov. 21.—[Exclusive Dispatch.] When Mrs. Marie Desnedt, a young, plump and charming widow, rejected an offer of marriage from her star boarder, he felt so badly that he stole her pet cow, sold her to a neighboring farmer and departed to use the proceeds to ease his aching heart. The facts came out today when the widow won her suit against Fremont Pitcher, the farmer who bought the cow. Pitcher was directed by the court to return the cow and a calf which had appeared on the scene meanwhile. The sad lover who disposed of the cow and decamped has not been located, but Farmer Pitcher would like a few words with him.

INDICTED FOR STEALING NIECE.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Nov. 21.—[Exclusive Dispatch.] Arthur Keene, an uncle of Dorothy Lutz, who is believed to have been taken to California, was indicted by the November Grand Jury this morning on a charge of kidnapping. When the parents of Dorothy Lutz were divorced some time ago the court gave the mother custody of the child. Witnesses said Keene kidnapped Dorothy and took her to the father in California. Dorothy, who is nine years old, attended the Mitchell School, North Oakley avenue and West Ohio street. Her uncle met her at the school October 10 and is said to have started for the West with her at once.

JUROR DENIES SLEEPING.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Nov. 21.—[Exclusive Dispatch.] Justice may be blind, but that is declared not to be sufficient excuse for a juror sleeping during the trial of a case before him. This is part of the argument advanced on a motion for a new trial based on an affidavit that one of the jurors who convicted Richard P. O'Donnell and Joseph W. Dagenais of robbery, remained asleep during a greater part of the trial. H. T. Craig, the juror, denied that he fell asleep while evidence for the defense was being presented. Miss Clarice McAllister was a spectator in court during the trial and made an affidavit, in which she says that the "juror in the extreme left chair was sleeping at different times during the taking of testimony." Craig says he gets pains in his eyes and obtains relief by closing them for a short time.

REALLY MUST PAY A CENT.

[BY DIRECT WIRE TO THE TIMES.]

KANSAS CITY (Mo.) Nov. 21.—[Exclusive Dispatch.] It was formally, legally and constitutionally decided this morning by the Kansas City Court of Appeals that John R. Hauber, of St. Joseph, must pay into the coffers of the Circuit Court of Buchanan county one cent. The case came up on Mr. Hauber's appeal from a judgment for contempt. He had disobeyed an injunction of the lower court by moving a building in St. Joseph after he had been told not to and for this flouting of the law had been fined one cent. The Court of Appeals decided that the fine was reasonable and just.

CHICAGO HAS MUCH MONEY.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Nov. 21.—High water mark in the financial history of this city was reached today when the daily bank statement showed $27,477,696 to the city's credit in the twenty-two depositories. With the exception of $2,581,245 this money belongs to special funds.

HANDS NUMB, JOINTS SWOLLEN AND PAINFUL

This Minnesota Woman Was in a Serious Condition With Rheumatism but Was Cured by Home Treatment.

Mrs. J. P. Christoffersen of Dodge Center, Minn., where she has lived for thirty years, gives sufferers from rheumatism the benefit of her experience with Dr. Williams' Pink Pills, as follows:

"A few years ago I was severely afflicted with rheumatism which was brought on by exposure to cold. The pains were in my arms and legs. My right hand was crippled so that I could not use it and my elbow was affected also. My shoulders were so sore that I could hardly touch them. The joints of my feet were so swollen and painful that I could just hobble around. There was a numbness in my hand and it seemed as though it was dead. I could put it in hot water without feeling it. I felt miserable all over. My back ached continually. I could not rest at night without taking drugs to deaden the pain.

"I was treated by a doctor for a time but could not see that his medicine helped me. My sister wrote me about Dr. Williams' Pink Pills and I began using them after I had been sick for over a year. I felt that they were helping me after a short trial. The numbness gradually left my hand and I began to use it. I could see that my blood was in better condition and I was able to get around without effort. In a few weeks I was able to do my housework again and have never had the rheumatism since."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened system has made hundreds of cures in the most severe disorders. This record of cures should merit a trial for the remedy which is guaranteed free from opiates and is entirely harmless.

Send today for a copy of the new edition of our free book, "Diseases of the Blood." It shows the symptoms, and recommends treatment for most diseases caused by insufficient or impure blood and also illustrates what the tonic treatment has accomplished in such cases. Sending for the booklet does not put you under the slightest obligation to try the treatment.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price; 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

DEATH FOR ONE, PAIN FOR THREE.

FOUR STREET-CAR ACCIDENTS IN A SHORT TIME.

All Due to Men Trying to Get On or Off Moving Coaches in Different Parts of the City Last Night—Ranchman Supposed Automobile Victim.

One man was killed and three injured in four street car accidents which occurred in widely-separated parts of the city within a short time of each other last night.

James F. Marr, an electrician, whose home is at No. 1410 South Dewey avenue, was instantly killed by car No. 458 of the Pico-street line at the Crenshaw-boulevard crossing. The car, crowded, and with the "Take Next Car," sign displayed in front, was followed by another car about 300 yards behind and Motorman Van Ness did not stop on Marr's signal. The electrician, however, was in a hurry and attempted to swing on to the front platform. In an instant he was thrown beneath the car, where the rear truck crushed off one of his legs, and injured him otherwise so gravely that he died before Conductor Hope could reach his side. Marr leaves a widow. The body was taken to the Pierce morgue.

B. L. Cole, No. 721 East Fifty-fourth street, alighting from a south-bound Central-avenue car at Fifty-fourth street, walked around the rear and stepped in front of car No. 125 of the same line, north bound. Before Motorman Carlson could stop Cole had been struck. He was picked up with a broken leg and sent home.

Frank Curcio, No. 667 San Fernando street, stepped off a moving car at the Plaza, falling with such force against the pavement that his left collar bone was broken. He was sent to the Receiving Hospital.

C. J. Jones, No. 733 Crocker street, tried to step off a moving car at Seventh and Crocker streets. He struck his head against the pavement, but escaped with a ugly cut over the eye, and several abrasions and bruises about the face and body. He was given attention at the Receiving Hospital.

Charles Wilson, a ranchman, whose place is beyond Boyle Heights, was picked up unconscious at the crossing of Laguna street and Stephenson avenue by Conductor Bowers and Motorman Jacobs of the Stephenson-avenue line, who saw him lying about fifteen feet from the track. They took him to the Receiving Hospital, where he was soon revived, having suffered but minor injuries about the head. Wilson is believed to have been hit by a speeding automobile.

...son, at the Mayor's request, but so far Topham has not been asked for a statement by either the Mayor or the commission.

There is another bicycle incident that is receiving attention and it more directly concernt the Chief personally. So serious is this, in the estimation of Dean, who preferred the charges, that he declared last night if a satisfactory explanation is not made to him by either the Mayor or the commission he will today sign a misdemeanor complaint against Galloway. This complaint is now in the hands of Deputy District Attorney Ford, and may be served on Galloway today or tomorrow. It is based on the bicycle transactions and asserts a violation of the State law which requires that all unclaimed property in the hands of the police must be sold at public auction. The accusation is that four wheels were held out of the auction list and disposed of privately; that two went to Topham, the first at nominal cost, and the second as a loan, although entered on the property record as "given" to the commissioner, and two others were sold at nominal sums.

RETIREMENT ARRANGED

The mysterious policy of the commission in openly ignoring charges against Galloway is construed to mean that he has already arranged to retire, and that a cessation of the fight on him will open a way for this. So strong is the belief that a change will be made that already candidates are appearing for his place. Lorin A. Handley, defeated Democratic candidate for Congress, is understood to be under consideration and W. T. Harris, who also ran on the same ticket for Sheriff, was at the commission meeting last night with a lightning rod out.

But the real explanation is that the commission is waiting for Captain Lehnhausen to return from his wedding tour, and then Galloway will retire, and Lehnhausen be put in as acting Chief until the commission can make up its mind on a new Chief.

Whether Commissioner Topham will resign is uncertain. It is an open secret that the Mayor is having troubles of his own with his commission, and that any meeting is likely to disclose an open split. Already Topham and Wellborn have voted in antagonism to Johnson and Wellborn and the Mayor has not helped the situation by sticking to the latter. Topham and Wellborn are Democrats and have opposed Chief Galloway for some time.

nor of the student body and I will not stand for it." One of the staff, however, in securing quotations from the players for the publication, found that they were very liberal with their slang in stating what they intended to do to Pomona and had the original words of many of them been used the president would have had cause for expelling someone. The football men are talking of preparing a petition which they expect to present to the authorities demanding a more just consideration of the matter and it is likely that the Methodist Conference Committee will be drawn into the affair before it is settled.

Corbin as editor of the paper stated that he had a very small part in the composition, but that he being editor was held responsible for it even though as a matter of fact much of it had been edited by assistants.

ALLEN REARRESTED.

Pasadena Architect Arraigned on Complaint Charging an Unspeakable Offense Two Months Ago.

A felony warrant charging the commission of an unspeakable crime was issued yesterday by Deputy Dist.-Atty. Ford against F. S. Allen, architect, with offices in the Delta building. The complaint was filed in Township Justice Summerfield's court, and Allen was arrested yesterday afternoon and arraigned.

According to Detective Duni of the District Attorney's office, Allen enticed a youth, Carlos Wright, residing on Mountain View avenue, Pasadena, into a room at the Van Nuys Hotel on the night of August 31. The complaint was sworn to by Wright.

This is Allen's second arrest on the charge. When the first case was tried, Justice Summerfield refused to hold Allen owing to the unreliability of some of the testimony. Allen resides in Pasadena.

EXONERATES THE RICOS.

Police Commission Stops Trial and Restores Two Detectives to Duty With Full Pay.

Progress in the triple trial of Detectives Talamantes and Tom and Louis Rico was interrupted yesterday afternoon long enough for the Police Commission to reach a partial decision by which the charges against the Ricos were declared not sustained.

The commission voted unanimously to dismiss them, and the Ricos were exonerated and restored to duty without any loss of pay during the month they have been under suspension pending a trial. There was absolutely no testimony, except frivolous, showing even a breach of discipline on the part of either of the Ricos and even Chief Galloway, who preferred the charges upon complaint of the red, De Lara, testified to their exemplary conduct during his administration.

The commission continued its tedious hearing of the charges so far as they relate to Talamantes, who is the special object of De Lara's vengeance. His whole career as a detective has been gone into and it has revealed just about the average of enmities that any detective would accumulate in a score of years.

The hearing will be resumed tomorrow morning at 9:30 o'clock in the Council Chamber.

CARS SMASH RACE RECORD.

Pope Hits Terrific Clip at Santa Monica.

Knox Driver Hurt When His Car Turns Turtle.

Practice Spins Show Speed of Monster Motors.

Bert Dingley in the Pope-Hartford drove three laps of the Santa Monica course yesterday in the fastest time ever recorded in a practice spin. He was clocked on his fastest lap in 7m. 2-5s. and made two other laps in 7m. 3-5s. each. This is an average of 71 1-2 miles an hour. All track records are almost certain to be broken in the big stock car event and in the free-for-all, and world records may be smashed.

Tearing into the turn at terrific speed, Dingley did not slow down until the car was almost upon the boards of Ocean boulevard and Nevada avenue. Then rushing into the stretch of Nevada avenue he shifted gears and at the bridge was in his fourth speed ripping along at almost eighty miles an hour. He kept this dizzy pace to the turn at the Soldier's Home and then slackened enough to make the swing around the curve. Again in the Palisades he "gave her the gun" and was away into the "S" turn in a few seconds.

Belching smoke from the big exhaust the Pope rushed past the grand stand where Wild Bill Ruess and others stood clocking the cars. His time was unofficially taken and is recorded as the fastest ever made in a practice spin at Santa Monica. The Pope looked fit for anything as it whirled along the smooth road and Dingley is satisfied with the car.

Earl Morse tried to drive the four-cylinder Knox around the Nevada avenue board turn and was almost killed when the car turned turtle. Herbert Brown, owner of the car, also had a narrow escape. He was thrown thirty feet but is only slightly bruised and is ready to drive the car himself in the race.

MORSE HURT.

Morse was anxious to drive the Knox a lap and Brown allowed him to take the turn yesterday morning. Morse was making good time as he approached the boards but did not shut off soon enough. He mounted to the top of the incline and failed to whirl his wheel. The Knox turned over twice and Morse was pinned beneath the car. At first it was feared that his breast bone was broken. He was removed to a hospital and it is believed that he is not fatally hurt. His condition is serious as he may have sustained internal injuries.

The six-cylinder Knox is working fine and will be ready for the big event. Joe Nikrent has made several fast turns and can be relied on to keep his head in the race. The car is in shape to do its best work as it has been carefully tuned. Nikrent is out every day trying the course and those who watched him yesterday place him among the favorites in the big class.

Teddy Tetzlaff and the Lozier are a fast pair. The speedy racer is ripping around the road at a fearful clip and Tetzlaff is driving better than he ever did before. He takes the turns perfectly, the big car swinging wide and missing the dangerous drop where the Knox came to a finish.

The Lozier is a favorite with a large number. The car is remarkably fast but has not been clocked a complete lap. It does an eighty mile an hour clip on Nevada avenue with apparent ease. Tetzlaff wants to win and is confident his car will take first place in his event. He has gone into training for the race of his life and thus far has made a first-class showing.

The Fiat is to arrive today. Frank Dearborn, who is to drive the fast foreign car, has been practicing on the course with another Fiat and has made some fast laps. The ninety-horse-power racer is due today and is to be tuned quickly and sent to the course. The car is owned by Sidney Smith of this city, who offered to wager that his car will win the main event.

This foreign racer is the favorite in the big class. The Fiat may win Smith says there is no question about it. He has brought the car here from the Savannah course. It is the same machine that made a showing in the Grand Prize race. Dearborn has driven in the Vanderbilt Cup Race and other big events and seems to be just the man for the Fiat.

SHETTLER'S DEFI.

Leon T. Shettler is not worried about the Apperson, which holds the Santa Monica road race record and which made such a remarkable showing at Phoenix. The same car is here. It is in good shape and ready for a speed dash that may smash its own record of 64.44 miles an hour made on the Santa Monica course July 10, 1909.

Harris Hanshue drove the car in the big race. He is ill and will not appear in the race at Santa Monica. Jimmy Ryall will take his place and Ryall can drive. He handled a Matheson in the Vanderbilt Cup Race three years ago and was ahead until the car was wrecked. He will be out on the course tomorrow for the first and only time.

"The big race will be won at an average speed of 66 or 67 miles an hour," said Shettler last night, "and the Apperson will win. Too bad 'Han' is sick but Jimmy Ryall has been doing his practicing in the shop. We don't want to rip our tires off in practice. We will do our speeding in the race. Take it from me the Apperson will win and will break all records. I don't fear any car, not even the Fiat, Lozier, Pope-Hartford, Isotta or any of them. This race belongs to the Apperson and we will win again."

The Isotta Faschini, entered in the main event, is one of the cars that must be watched. F. C. Fenner says the car is a sure winner. From the work of the racer yesterday the words of Fenner are likely to come true. Charles Soules is the driver. The car is of the Targo Florio class and is a forty-horse-power speedster.

In 1907, on the Florio course in Italy, this car won first place. It took the Florio cup, the King's cup and the Italian cup. At the rate of 65 miles an hour it won the three big trophies offered in the Italian race meet. In 1908 Louis Strang driving in the Savannah race averaged 50.7 miles an hour for 342 miles, and finished 23m. and 30s. ahead of the second car.

FAST ISOTTA.

One of the greatest performances of this car was in 1908 at Padova, Bovolenta in Italy, when, driven by Trucco, it finished first, averaging 76 miles an hour. The car also won at Bridgeport, at Jamaica, Glenns Falls and at the Briarcliffe race for stock cars. It was first in the 100 mile stock car race at Elmwood July 4, and in 1908 finished second in the Vanderbilt Cup Race.

The car has figured in a number of fast events and in 1910 won a world's record on the Motordrome by doing fifty miles in 39m. 20s. Fenner claims the car has a speed of ninety miles an hour. Soules is a heady driver who will get every ounce of speed out of the fast Isotta, which now looks fit.

George Clarke and his mechanician, R. D. McNay, reached town yesterday afternoon with a carload of Cutting cars. The machines did great work on the race track in Texas and the racer is in tune for the medium class event in which the Cutting is entered. Clark is a good driver and a factory man, who understands his car perfectly.

At San Antonio and Dallas the Cutting team won eight firsts, establishing a new Texas record for four days of racing. At Sioux City the Cutting car, with Clark driving, took down five firsts and lowered Barney Oldfield's one mile record on that track.

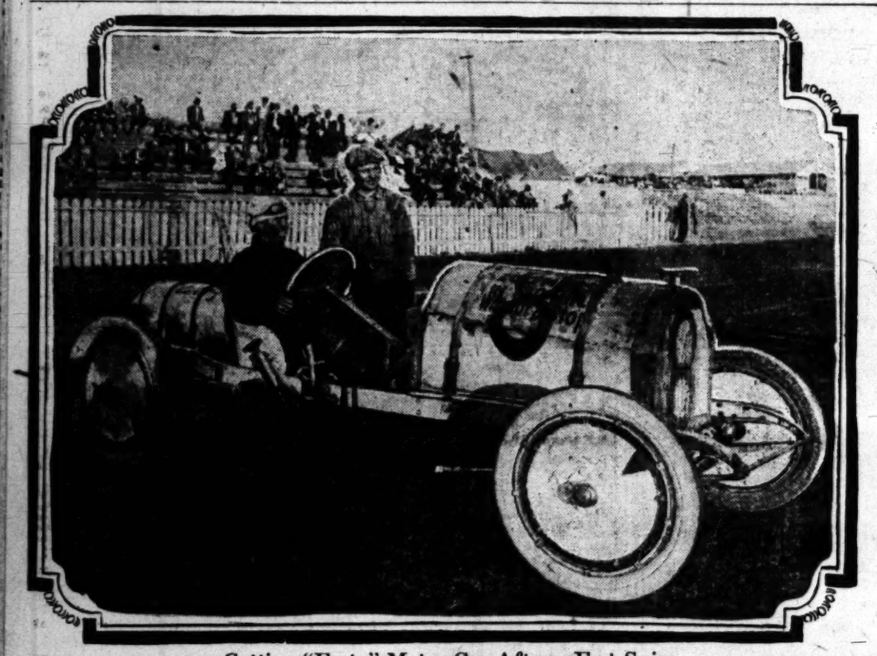
Clark is the Texan who drove over a forty-foot embankment last season at San Antonio to prevent running down a brother race driver. He was given a medal by the people of San Antonio for this stunt.

The Cutting car is entered in the medium class Thursday and will be in the Motordrome meets of November 26 and 27 and also in the Christmas day twenty-four-hour race. New racing cars are coming from the factory and they will winter at the local branch.

MERCER TUNED.

C. H. Bigelow and the Mercer are hitting the roads regularly and the car looks to be fit for anything. Bigelow is proving himself a great road driver and has the car to suit himself now. He has been hard at work tuning the motor up to concert pitch and yesterday the Mercer appeared to be ready for business.

What Bigelow does not know about handling a car on a curve is not worth talking about. He takes the stretches in great shape. F. W. Force, of the Thomas-Mercer Company, who entered the car, says the Mercer is in better shape now than it was when it did so well in the Los Angeles-Phoenix race. This means that the Mercer should win its event. It is the favorite in its class with a large number of fans.



Cutting "Forty" Motor Car After a Fast Spin.

George Clark is at the wheel of the machine, which is entered in the medium class at Santa Monica Thanksgiving Day. R. D. McNay, his mechanician, stands beside him.

TOO DANGEROUS.

Flying Pursuit of Speed Law Violators Must Give Way to Stop-Watch Method.

Flying pursuit of automobile speed law violators, which resulted in the probably fatal injury of Motorcycle Patrolman F. L. Coe, must give way to a less dangerous method of catching such offenders.

The exposure to danger which all the speed squad must necessarily undergo was brought up at last night's session of the Police Commission by Commissioner Topham. He thought it unwise to further risk human life by trying to outspeed automobiles.

The Mayor agreed and suggested that stop-watches be used and patrolmen multiplied so that there will be certainty of convictions.

Chief Galloway was instructed to devise a scheme whereby the stop-watch method may be substituted for the flying pursuit.

HALLIWELL OFFICIAL TIMER.

Warner Man to Clock Cars in Santa Monica Road Race Thanksgiving Day.

H. W. Halliwell, representative for the Warner Autometer on the Pacific Coast, has been chosen official timer for the Santa Monica Road Race. An automatic timer, which is being shipped to Halliwell, has not reached here yet. Clockers, who are expert, are to be used by the Warner man and the time of each car for every lap is to be given to the press men who are to be placed near the timer's stand.

There is every reason to believe that the Santa Monica road record is to be smashed and that possibly a new world mark will be established. It is necessary that the official time be taken so carefully that no dispute will be possible. The Automobile Association of America, through S. A. Butler, chairman of the Contest Board, is willing that Halliwell shall have full charge of the timing.

The experience of Halliwell was gained as timer at the Motordrome in April where he worked with Warner. He understands just how to snap a watch at the crucial fraction of a second or to tick the timer just as a car crosses the wire.

"Everything is in readiness for the timing of the cars in each event," said Halliwell yesterday. "I have a corps of men who are to assist me and each can be trusted. We will take the time of each car at the finish of every lap and then will give the time for the race with the average mileage and other matter that is necessary for the information of the crowd. I believe all records are to be smashed and that is why I want to be careful."

THANKSGIVING RUGBY.

Los Angeles High School Fifteen to Battle With Redlands Team. Poly to Play.

The Los Angeles High School rugby football team is to play the Redlands High School team on Thanksgiving Day afternoon at Fiesta Park, instead of the Pomona team as was scheduled last week.

As a preliminary to the main go there is to be a contest between the second high school team and the scrub fifteen of the Polytechnic School. The first game is to be called at 1:30 p.m. and the main contest to follow immediately at its conclusion.

NOT A SYNDICATE.

HERRMANN STIRRED UP.

(ASSOCIATED PRESS NIGHT REPORT.)

CINCINNATI, Nov. 21.—President Herrmann, of the Cincinnati Nationals, says he is in favor of publishing the complete list of the stockholders in the National League in order the people who have been "knocking" the league for the last two ——— on the score that it is a "syndicate organization," can be quieted.

"The matter will be brought up at the meeting in New York and if this list can be made public, we will see if there is not a way to stop this talk. I think it hurts the game in eyes of the people."

Simon Hambach, a storekeeper on Third avenue, New York, was completing counting his money in his place of business yesterday when a negro entered and stabbed him twice in the left breast. The robber took $121 and fled.

Easily Breaks A Severe Cold

In Just a Few Hours All Misery From a Bad Cold or the Grippe Will Be Overcome.

Most effective Compound which does not contain a single grain of quinine has been thoroughly tested by the Pape's of Cincinnati, a thoroughly reliable concern, and Times readers need not hesitate to try it.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

When the Philadelphia Express, eastbound on the Pennsylvania railroad, came into the station of Lancaster, Pa., yesterday it carried on the pilot the body of a man, a wagon wheel and the seat of a wagon, unknown to the engineer and crew. The victim was Michael Tort, aged 70, a junk dealer.

New Ideas For the Thanksgiving Dinner

We have frequently been told that Parmelee-Dohrmann Co. has the largest showing of exclusive and really distinctive designs in fine chinaware of any store in the city. You will say so, too, when you visit our Annual Thanksgiving exhibit of tableware—Haviland, English Minton, Payot, Coalport and countless other wares, many of them specially priced for the Thanksgiving season.

The preparation of this year's Thanksgiving dinner will be the pleasantest task imaginable if you avail yourself of the countless helps and conveniences shown in our kitchenware department.

Dinner Sets

There is no happier occasion for the display of dainty, attractive china than the Thanksgiving dinner. The following are a few of our Thanksgiving specials, other sets or separate pieces at various prices—

Haviland China, 100-piece sets, remarkable value, per set.....$27.50
German China, 52-piece sets; were $18.00; now.....$14.75
English Semi-Porcelain, for twelve persons, set.....$20.00

Crumb Tray and Scraper

Like illustration, in brass or copper; handsome and serviceable; each.....$2.00

Baking Dishes

In heavy quadruple silver plate, attractive and very convenient to keep food steaming hot while on the table, special.....$5.00
Fireproof Baking Dishes, with china lining.....50c and $1.00
Ramekins, per doz.....$1.80 and $2.40

Food Choppers

The well-known Dana Food Chopper that sells regularly at $1.25 and $1.50 can be bought at our store for 95c and $1.20. Countless other kitchen articles can be had at proportionate prices.

Vegetable Slicers	Jelly Molds
Noodle Cutters	Pudding Molds
Pie Crimpers	Cake Molds
Fruit Pressers	Ice Cream Molds
Cookie Cutters	Mayonnaise Mixer

"Bakarost" Fireless Stove

The Bakarost represents the highest stage of perfection in scientific, economical cooking. It bakes, roasts, stews and boils much better than your kitchen range. It is the easiest, most up-to-date method of preparing the Thanksgiving dinner. Step into our store and let us explain the many uses of the "Bakarost."

Various sizes sold at $9.75, $16.50, $22 and $24.

Thanksgiving Cutlery

That time-honored American bird, the Thanksgiving turkey, is a foe worthy of the best American steel. None better than our fine Henkle steel carving sets at $3.50 and up, per set.

FOR SALE—

ONLY 9 DAYS NOW
UNTIL THE 20 ADVANCE.

You can count the days. It's the best opportunity I have been able to offer for some time, and all you need is a very small sum to take advantage of it. On December 1 lots in Arlington Square will be increased in price by $50 each. Values have already advanced, owing to the strong demand and the rapid building up of this section. The Square is located in the best part of the southwest, a little south of the West Adams district. Hundreds and hundreds of homes have been erected here within the last few months. It's an ideally located spot, reached by several car lines, all with a 5-cent fare. Every city convenience is at hand—not a single one is missing. The Square is improved with graded and oiled streets, cement walks and curbs, and wide parkings planted to large shade trees. Lots can be bought today for only $675 up. Just make a small cash payment, and pay the balance monthly. Go out and see the property. Take Inglewood car on any track, office, corner of Arlington st. and Santa Barbara ave.; fare 5 cents. Or go to 2112 W. Jefferson st., where you will find Mr. Potter with his automobile, ready to show you about.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PASADENA.

REVELERS FORM THE FUN CLUB.

THE HONORABLE ORDER OF JOY MAKERS ORGANIZES.

Will Provide Something Worth While to Laugh at on Tournament Night—Man Accused of Burglary in Crown City Arrested in Spokane—Sunday Concerts Opposed.

(Office of The Times, 25 S. Raymond avenue.)

PASADENA, Nov. 22.—The new organization which promises to set the town wild with fun on the night of January 2, Tournament of Roses night, was temporarily perfected last night. The membership roll contains the names of fifty-two leading Crown City fun-makers, all enthusiastic. Arthur Wyatt was selected temporary chairman and C. W. Dean temporary secretary. A committee of five, consisting of T. D. Nestor, Sam Hall, H. C. Kedgley, Leslie Preston and Ralph Skillen, was appointed to arrange the bylaws and ritual, because it was decided definitely that it will be a secret organization and the initiation ceremony will be one of the distinctive features of the club.

One of the leading duties will be to pull off a funny stunt on each Tournament night, that all Pasadena will have something worth while to laugh at and remember. In addition the organization will give other entertainments during the year, which will be open to the public.

The next meeting will be held tomorrow night at the Board of Trade rooms when the organization will be made permanent and the charter membership list closed. It is hoped to have at least 200 charter members. The fee will be $1, which insures the popularity of the club. The charter membership list is headed by Col. W. J. Hogan, who paid $15 for the honor. The second choice bid at $5 by Frank Rider; the third, $3.50, by R. D. Davis, the fourth, $2.50, D. M. Linnard, and the fifth, $2.50, Frank G. Hogan. These memberships were auctioned off to the highest bidder.

WAGNER ARRESTED.

Chief of Police Wood received a telegram last night stating that Charles J. Wagner, the mang accused of burglarizing the Pasadena Athletic Club three weeks ago and who dodged the police by running down the back stairs of the Hotel Guirnalda, was captured in Spokane yesterday. Wagner was in a real estate office in the act of closing a deal for ten acres adjoining Spokane. Wagner admitted his identity but said that he is innocent of the crime charged against him. The arrest was made on a Pasadena warrant.

About four weeks ago a man supposed to be Wagner arrived in Pasadena and registered at the Hotel Guirnalda as George A. Millar of St. Louis. He stated that he was a capitalist and had come to the city to spend the winter. A few days afterward he strolled into the office of the Pasadena Athletic Club, upstairs over Vincent's Drug Store, and stated that his name was George Robinson and he wanted to become a member, adding that a friend would recommend him. While the manager was out of his office for a few minutes the visitor disappeared and at the same time went two watches and several small amounts of money from the clothes of members which had been hung in the lockers. The matter was reported to the police, but the man could not be located. Finally two members of the club "spotted" Millar, alias Robinson, going to the Guirnalda. The officers hunted him up and while examining the hotel register Millar ran down the back stairs and out through the kitchen. His tracks were followed but no further trace could be found. His room was then searched and eighteen watches, several pieces of jewelry and some change were found, but the two Pasadena watches were not there. One of the watches was afterwards identified by a man living in Berkeley, where a similar job had been done a couple of weeks before. Letters and papers found in the grip indicated the man's name was Charles J. Wagner, formerly employed in a bank in Indianapolis.

Following the Pasadena burglary about a week the Y.M.C.A. rooms in Long Beach were burglarized by a man answering Wagner's description. A small job was also done in Los Angeles supposedly by the same man. An officer will leave for Spokane today to bring Wagner to Pasadena. A dispatch from there says:

"Chas. J. Wagner, 25 years old, was arrested in the real estate offices of Neely & Young, Paulsen Block, this afternoon on a warrant from Pasadena, charging him with burglary and grand larceny. Wagner had just purchased a ten-acre tract of land in the suburbs. He was negotiating for other property. He has posed as a wealthy man here and cut a dash in the best circles of society. It is said he is a member of one of the best Indiana families. In spite of this fact the Pasadena police claim to have taken stolen watches and other jewelry from his baggage before he left the California town, eluding their clutches. Wagner was until a few months ago, book-keeper in the Indiana National Bank, Indianapolis. He has two uncles, Theodore A. and Herbert W. Wagner, both practicing physicians of high standing in that city. His family lives at No. 514 Bernard street. Wagner was arrested by Detectives Chester Edwards and Paul Buchholz, through a description furnished by the Pasadena police. He acknowledges his identity, but denies his guilt."

OPPOSE SUNDAY CONCERTS.

Many of the city preachers are said to be working against the Sunday band concerts and some of the various Church clubs will oppose Sunday music, except the kind furnished inside the church walls. On the other hand many influential church people are highly in favor of the Sunday music. Dr. Robert J. Burdette states that he is in favor of the Sunday music and Mrs. Burdette says that if she is in the city she will go to the polls early and cast her vote for Sunday band concerts. It seems almost certain that the concert project will carry by a large majority in which case Councilmen Cattell and Mersereau will yield to "the will of the people" and agree that the Park Commissioners shall go ahead and hire a good band to give the concerts.

C. D. Daggett, director, and A. J. Bertonneau, secretary of the Board of Trade, went to Los Angeles yesterday and consulted with Supervisors Manning and Pridham and also called on County Surveyor Noble regarding the proposed Arroyo Seco bridge. According to their report they were shown every courtesy possible but, says Secretary Bertonneau, they were told that in due time the bridge matter will receive attention; but just now there are no funds on hand to build such a bridge. They examined the proposed plans of Bridge Engineer Rothenburg and agreed that they will be satisfactory to Pasadena. A report will be made to the directors of the Board of Trade at their next meeting.

SOCIETY ENGROSSED.

Pasadena society folks have been so engrossed during the past few weeks making ready for the production of "Pinafore," which will be given at Norton Theater, November 28 and 29 that little else has their attention. Rehearsals at Hotel Maryland have been almost continuous and the chorus, drilled by Mr. Tarbox, is one of exceptional strength and charm including many Pasadena society men and maids.

The leading rolls are to be filled by professionals who will generously give their talent for this Emergency League benefit. Helen Bertram taking the part of Josephine, Edna Wallace (Mrs. Temple) the part of Little Buttercup, and Edgar Temple that of Ralph Rackstraw. The other parts are to be taken by amateurs of such experience and ability as to give them almost the rank of professionals. George A. Clark as Dick Deadeye, James S. Macdonnell as Sir Joseph Porter, K. C. B., Ben Leslie as Captain Corcoran, John R. Bragdon as Boatswain, and Miss Marguerite Torrey as Hebe make a cast never surpassed in an amateur production in Pasadena.

Twelve boxes which were disposed of early will be filled each evening with the elite and the affair promises to be the society event of the early winter.

Crown City women, and especially the strong advocates of woman's suffrage, are looking forward to next Saturday's election with much enthusiasm because it will the first time the women will have a chance of going to the polls with the men and casting their ballots. It will not be an official election held under the Australian system but one of the good old fashioned kind where anyone over twenty-one years of age can walk up to the ballot box and slip his little piece of paper in the hole. It is simply a "straw election" and is intended to test the feelings of the people as to whether they want to have band concerts in the parks and also whether it is desired to have the bands give a concert on Sunday afternoons. There will be no particular means of checking up the voters further than asking them to give their names. Repeaters and ballot box stuffers will be watched closely but if they are caught they cannot be punished. Electioneering about the polls cannot be stopped.

WILL ENTERTAIN.

Mr. and Mrs. F. H. D. Banks of Monterey road will entertain this (Tuesday) evening at the Valley Hunt Club with a supper given in honor of Mrs. Murray Bartlett of Manila, who is the guest of her parents, Mr. and Mrs. Benj. Folsom, and Mrs. John W. Hugus of South Grand avenue, who will accompany Mrs. Barlett upon her return trip to Manila both leaving here the latter part of the week. Covers will also be laid for Mr. and Mrs. Fred Elmer Wilcox, Mr. and Mrs. Wm. R. Staats, Dr. and Mrs. David B. Van Slyck, Dr. and Mrs. Henry H. Sherk, Mr. and Mrs. Benj. Folsom, Mr. and Mrs. Wilson, Mrs. R. J. Dobbins, and Nelson W. Bell.

Valley Hunt Club members and house guests will enjoy their annual dinner at the Valley Hunt Club Saturday evening, December 3. Music will be furnished by an orchestra and cards and dancing will follow. The next entertainment will be given by the Egan Dramatic School of Los Angeles, who will give a vaudeville performance at the clubhouse December 17.

At the regular meeting of the Park, Police and Fire Commissioners yesterday afternoon Chief of Police Wood announced that he would donate the reward of $58 for the capture and conviction of Christopher Dabbs, Riverside defaulter, to the fund for the purchase of furniture for the new police assembly-room. The gift was accepted.

Dr. J. A. B. Scherer left yesterday for an extended business trip throughout the East. He will visit many of prominent polytechnic schools to get new ideas for Throop.

The Associated Charities will give a turkey dinner Thanksgiving Day. Donations of money and food are asked from those wishing to contribute. All such donations will be received in the vacant storeroom, No. 90 West Colorado stret, today and tomorrow.

DATA WANTED.

INVESTIGATING OUR WATERWAYS.

MICHIGAN SENATOR IS HERE AS COMMISSION EXPERT.

Prominent Committeeman of Upper House Arrives on Tour of West Coast—Says Los Angeles Is Example to Cities — What Smith Thinks of Election.

Touring the coast for the purpose of gathering data to be considered in the report to Congress of the National Waterways Commission, of which he is a member, United States Senator William Alden Smith of Michigan, arrived in the city last night and registered at the Van Nuys from his home in Grand Rapids.

"The purpose of the commission," said Senator Smith, "is not to pick out specific instances which may or may not require government aid in the development of natural waterways. We are, rather, investigating, in an abstract way, the relations which the activities of the government should bear to those of the municipality or community benefited by the improvements. To that end I have personally visited the different waterways of the important cities on the Coast, having arrived at those of Southern California after working down from Seattle, Portland and San Francisco.

"The attitude of the government, I may say in that connection, is getting to be more and more clearly expressed by the old saying to the effect that the Lord helps those who help themselves. It is those municipalities that show a disposition to get out and hustle for themselves that the government is glad to help in the matter of developing natural resources.

"And right there I want to say that, so far as I know, there has never been a better example of that sort of thing than your city here furnished down at San Pedro, and is still furnishing. That harbor project is a wonderful thing, and the way it is being carried out reflects the very greatest credit upon Los Angeles.

"The one thing, though, that always impresses me every time I get back to Los Angeles, is the marvelous way in which development is going forward within the city itself. I try to get her to visit my parents in Santa Ana at least once a year, but even at that the town almost gets away from me between whiles. It's a wonderful city."

Asked as to his opinion of the results of the recent election, Senator Smith chuckled gently.

"Well, for one, I wasn't surprised. I thought that we were about due for something like that—and the cause of it has seemed to me to have been the result of an attempt at tariff revision on our own par. Back in Michigan, though, we settled all our own differences at home. There the Republicans stood together and we carried the State by 75,000. As to the supposedly bad influence of T. R., I am one of those who think that if it had not been for him, the Democratic plurality in New York would have been 200,000 instead of 70,000.

"As to the next Congress, with the Democrats in control of the lower House, there are going to be some lively times probably. I do not, however, expect them to institute anything very radical in the way of tariff revision or in other directions before the next Presidential campaign. The Democrats can generally be depended on to do the wrong thing, but I think that in this instance they are going to hold off until they get both their feet in—which, by the way, they are not going to do."

Senator Smith will remain in Southern California for the next week or ten days. Much of the time will be spent at the home which he has built at Santa Ana for his aged parents, Mr. and Mrs. George R. Smith. While to pay them a visit is the primary object of his present trip to Los Angeles, he expects to find time to further look into the question of the waterways of the Southland.

CRIPPEN CONFESSION DENIED.

LONDON, Nov. 21.—Officials of Scotland Yard today denied the report said to have been circulated in the United States that Dr. Hawley Crippen had made a confession. Dr. Crippen's petition for a reprieve was denied today, the Home Secretary announcing he declined to interfere with the sentence of the court. Crippen will be executed on the morning of November 23.

CUT THIS OUT

Recipe That Breaks a Cold in a Day and Cures Any Curable Cough.

"Mix half ounce of Concentrated pine compound with two ounces of glycerine and half a pint of good whisky; shake well each time and use in doses of a teaspoonful to a tablespoonful every four hours." Smaller doses to children according to age. Any one can mix this.

These ingredients can be obtained from any good druggist.

The Concentrated pine is a special pine product and comes only in half ounce bottles, each enclosed in a tin top air-tight case, but be sure it is labeled "Concentrated."

A prominent local druggist says that it is wonderfully effective.

Pine is one of the oldest remedies known to man. It is frequently mentioned in the Bible.

You can be easily cured now—don't let it run into complications.

Of the Stomach

Catarrh of the stomach is usually caused by swallowing a poisonous mucous which drops down from the head and throat at night. Quickly cured at little cost by Drs. Shores' Famous Treatment.

"Is there nausea?"
"Do you belch up gas?"
"Are you constipated?"
"Is your tongue coated?"
"Do you bloat up after eating?"
"Is there constant bad taste in the mouth?"

Now is the time to be permanently cured. Drs. Shores are curing hundreds every year.

The Bronchial Tubes

When the catarrh of the head or throat is neglected or wrongfully treated it extends down the windpipe into the bronchial tubes, and after awhile attacks the lungs. Quickly cured with little cost by Drs. Shores' Famous Treatment.

"Have you a cough?"
"Do you take cold easily?"
"Have you pain in the side?"
"Do you raise frothy materials?"
"Do you spit up little cheesy lumps?"
"Do you feel you are growing weaker?"

Don't risk neglecting these warnings—stop the disease before it reaches the lungs.

Of the Ears

Catarrh extends from the throat along the eustachian tubes into the ears, causing partial or complete deafness. Quick-

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. ATTACKED BY GREEKS.

Two Americans Are Savagely Beaten at Somis by Band of Foreigners.

VENTURA, Nov. 20.—Bert Siemering and Ed. Trollinger, two young men who had been working at Camarillo, after completing their labors Saturday night started out to walk to the next station, Somis. It was nightfall as they neared that place and in passing the section house they were set upon by a body of seven Greek section men and terribly beaten up before they could get help from citizens of Somis, who heard the sounds of strife and hastened to the rescue. It appears the Greeks had been robbed during the day while they were absent from the section house and that night they stationed watchers on the road, thinking the thieves would reappear. The watchers pounced on the first men to come along, who proved to be the two young men in question. At the first outbreak the Greeks came in a swarm, armed with crowbars, axes, hammers and a pistol. They knocked the men down and pummeled them without mercy, all the time shouting anathemas in Greek, occasionally shooting off the pistol. The Greeks were arrested and taken before the justice of the peace here. They pleaded guilty to disturbing the peace and were fined $3 each.

The Lima Bean Growers' Association of the county, which has shipped out 500 carloads of beans from the county of the crop of this year and which is busy forwarding as fast as the beans can be handpicked and prepared for market, has already paid out over $600,000 to the growers.

Two Mexican youths, while filled with red wine the other evening, held up a team belonging to N. Pierano and being driven by two Italian boys. The sight of a knife and the threats of the Mexicans scared the Italians away and the victors then proceeded to carve up the harness on the horses. They were arrested and today pleaded guilty to malicious mischief and paid fines of $10.

"Happy Hogan" will umpire the baseball game in this city tomorrow between Ventura and Oxnard.

The will of the late J. M. Owens has been filed for probate by Charles McDonnell, who is named as executor. Property of the value of $5000 is disposed of, the estate being left to two sons, Truman and Homer Owens and to DeMoss Wilkins, a son of his first wife. The second wife and child are each left $1.

DISMISSED FROM CUSTODY.

VENTURA, Nov. 21.—Nesario Pechaco, accused of the murder of Gilberto Padilla, was dismissed from custody this morning on motion of the District Attorney, who thought it was useless to try the case with the evidence in hand. At the trial the jury stood six to six. The murder was committed at a wood-chopping camp on Sulphur Mountain on July 5 last. All the parties were drunk from a debauch on red wine and the evidence of the cutting was so vague the authorities considered further proceedings a needless expense.

In the baseball game in this city yesterday between Oxnard and Ventura, the latter was successful, the score standing 6 to 1 for the locals. The game was umpired by Happy Hogan of Vernon. The feature was the great number of real league players on each side, home talent having to take a back seat. The two towns are in a series of seven matches and there is great rivalry and a scurry on both sides to get league talent. So far each town has won two games, with one tie game. Among the big players on the Oxnard side were Shea, Schafer, Snodgrass and Miller. On the Ventura side played Hearne, Hall, Fisher, McKay, Criger, Pittman and O'Connor. Sanches pitched for the Oxnards, but went to pieces in the sixth, when Miller was put in. Criger pitched for Ventura. Next Sunday Oxnard says it will have a full professional line-up. The games are attracting crowds.

The following grand jury was drawn in the Superior Court today: A. C. Vickers, C. E. Hawley, J. P. Rasmussen, J. W. Poggi, C. F. Brigham, A. Coultas, D. S. Blackburn, N. B. Smith, N. W. Blanchard, M. H. Gabbert, U. F. Del Valle, P. J. Hobson, James Leonard, M. Cannon, Hugh Warring, A. C. Wadleigh, J. O. Specht, M. Flannagan, J. F. Newby, F. Petit, Charles Murphy, J. Calleris, W. Burson, E. O. Gerberding and David Darling.

A marriage license was granted today to William Louis Henderson of San Francisco and Julia Mary Hancock of Bakersfield.

WATER MEETING JOYOUS.

For First Time in Several Years No Fight Marks Gathering of San Antonio Stockholders.

ONTARIO, Nov. 21.—The annual meeting of the stockholders of the San Antonio Water Company was held this morning in the old A. O. U. W. hall, corner Main street and Euclid avenue. Instead of a stormy, long-drawn-out session marked with bitter factional fights, as often occurred in the past, this one was a short joyfest. After the reading of the president's annual report, J. W. Freeman rose to move that a vote of commendation be tendered the board of managers for the splendid showing. In doing so he facetiously remarked that he hoped his listeners would not judge him insane. The proceeding was unusual if not unprecedented at any meeting for at least six or eight years. The motion carried unanimously.

The present members of the board were re-elected for another year. They are Messrs. Alois Podrasnik, Glenn D. Smith, B. C. Shepherd, R. T. Nelson and W. A. Freemire. The advisory board is composed of Messrs. H. E. Swan, Charles E. Harwood and Col. James L. Paul.

The board organized at once by electing A. Podrasnik president, R. T. Nelson, vice-president, Glenn D. Smith, general manager and John O. Mills secretary.

Don't Suffer With Piles

Send for Free Trial and Know How to Quickly Cure Yourself.

There are thousands of men and women actually wearing pile trusses when all they need to do is to step into any drug store and ask for a 50c package of Pyramid Pile Cure.

And all pain will then cease, the protrusions will disappear, and the cure will be quick and permanent.

Don't befog good sense by assuming you must be operated on for a cure. And to test the merit of this really wonderful pile cure, send your name and address to the Pyramid Drug Co., 275 Pyramid Bldg., Marshall, Mich., and they will send you by mail in plain wrapper, a convincing free trial package that will forever put you at ease as to what you need for piles.

You can then step into the nearest drug store, get the regular 50c package, and the cure will be quick, complete and permanent. It acts like a charm.

Nine women in ten have piles and they often let the trouble grow until it is a racking torture.

But never mind how severe the case, Pyramid Pile Cure will at once take out the inflammation, reduce the swollen protrusions, stop bleeding, prevent that infernal itching and absolutely prevent the soreness that often makes an operation imperative.

Do not fail to get the free trial and always keep in mind that you can step into any drug store and get the 50c package quickly, just when you need it most. Be sure and get what you ask for. The quick relief will astonish you—the cure is certain.

THREE COUNTIES REPRESENTED AT GATHERING.

San Bernardino, Riverside and Imperial Representatives Will Act Jointly—Fruit to Be Shipped to New York by Water at Cheaper Rate Than by Rail.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, Nov. 21.—[Exclusive Dispatch.] Representatives of the commercial and agricultural interests of this county, Riverside and Imperial met here today and permanently organized a Tri-Counties Freight Traffic Association with George M. Cooley of this city as chairman. Cooley is to appoint an executive committee composed of one member each from Colton, Highland, Rialto, Ontario, Cucamonga, Redlands, Riverside and Imperial. It is proposed to formulate a list of commodities upon which the association wishes to secure a rate adjustment and present this with a petition to the Interstate Commerce Commission. The three counties will join in a vigorous campaign for recognition. The gathering was addressed by General Traffic Manager J. W. Chapman of the California Atlantic Steamship Line, who proposes to inaugurate a series of fruit shipments by water to New York. The association will ship a consignment of lemons that way, the rate being 75 cents per 100 pounds, 40 cents less than the cost by rail.

DEAD MINER'S SECRET.

Inquiries are still being made here from various points in the East for information regarding the estate of the late George S. Shephard, who died last July at the County Hospital. Shephard was a mining man. Though in the hospital two months he refused to give any clue as to his relatives, or discuss his past. It is believed he left a large estate, consisting of stock, bonds and gold in safety deposit vaults. Many letters have been received from alleged relatives, attorneys have been retained to hunt for the estate, and today the second group of supposed relatives to cross the continent in a search for the estate, arrived.

After Shephard's death an old miner arrived from the desert and identified the remains as his partner. The miner hugged a small tin box, which, after he had visited a number of saloons and became talkative, he hinted contained Shephard's will. Further conversation developed that the will is to be filed for probate in ten years, and leaves a substantial sum in trust to establish a miner's home at Los Angeles, providing no relative in the meantime voluntarily cares for his grave.

TWO ON PAROLE.

Hugh Stephenson, son of Attorney J. W. Stephenson, 17 years old, was arraigned before the Superior Court this afternoon charged with participating in several sensational store robberies last winter. He entered a plea of guilty, and was paroled by Judge Oster of the Juvenile Court, until he is 21 years old. Frisco Moreno, a Mexican youth, charged with contributing to the dependency of a 15-year-old Mexican girl, was paroled after being sentenced to five years in San Quentin. He will contribute $12.50 monthly to the girl's support at Whittier, and promises to marry her a year hence if she is willing.

Calisto Navero, a Mexican railroad section hand, fell beneath the wheels of a Salt Lake freight train at the Ninth street crossing at an early hour this morning, having both legs cut off. He was found by Mrs. Stephen Case.

O. W. Wright, who lost a leg Sunday at Long Beach while trying to board a swiftly moving car, was employed for over a year in the office of Superintendent Hitchcock of the Santa Fe. Last Friday he left for Long Beach on a two weeks' vacation.

The Chamber of Commerce has appointed a committee to arrange for an excursion to Needles next Saturday to attend the carnival.

MARTIN TO FLY TODAY.

Will Give Public Exhibition With His Curtiss Type Biplane at Ranch Near Santa Ana.

SANTA ANA, Nov. 21.—The first public aviation exhibition here will be held at 4 p. m., Tuesday, when Glenn L. Martin will fly in his biplane, over James McFadden's ranch, a mile south.

Martin's machine has been tuned for the occasion, and he is certain he will do some excellent work tomorrow. A dozen times in practice he has cut circles, soared and dipped. Out of the last twenty-five or thirty trials he has not failed to get off the ground for the exact flight he planned before starting. Martin has thus gained confidence in himself, and has demonstrated his pluck and skill.

Special cars will be run by the Pacific Electric from Los Angeles to the aviation field. The schools will close early that the pupils may attend the exhibition.

Within a few days Martin will dismantle the machine and take it to Domingues Field, where he will enter it in the January meet. The machine is of the Curtiss type and was built by Martin in his automobile shop here.

The Board of Supervisors today appointed D. W. McDannald of Berrydale to go to Los Angeles and boost for Orange county among tourists. McDannald's salary is to be $100 per month.

Marriage licenses: Tom Reyes, 23, and Juana Cerna, 33, both of Yorba; Orman F. Mudd, 22, and Ida A. Myers, 23, both of San Pedro; Douglas R. Fuller, 26, and Jessie Sauls, 30, both of Los Angeles.

County Superintendent of Schools R. P. Mitchell today announced that the Orange County Teachers' Institute will be held at the High School building, December 19, 20 and 21. On December 22 and 23 the Orange county teachers will meet with the Southern California Association in Los Angeles. Among those who will deliver addresses will be Prof. W. Scott Thomas of the University of California, Job Wood of the State Superintendent's office, Miss Louise Stokes of Pasadena, W. C. Crandall of San Diego Normal, Miss Elizabeth Keppel of Los Angeles Normal, County Horticultural Commissioner R. K. Bisbop and J. H. Francis, superintendent of the Los Angeles city schools.

COLTON.

COLTON, Nov. 21.—Vivian Arborn, 10 years old, daughter of Mr. and Mrs. W. J. Arborn, residing at the corner of Fourth and K streets, was painfully injured yesterday afternoon as the result of a prank played by neighborhood lads. A rope had been stretched across Fourth street between I and J streets and the child ran into it, cutting her throat so severely that Dr. Pritchard was forced to take four stitches to close the wound, which had laid bare the bones.

A REGULAR meeting of the Board of Medical Examiners of the State of California will be held TUESDAY, December 6th, 1910, at the office of the Secretary, room 629 Butler Bldg., San Francisco, Cal., at 9 a.m., for the purpose of considering applications for certificates and such other business as may properly come before it; applications for certificates must be filed with the secretary prior to November 22, 1910; the examination will take place in Goldberg-Bosley Assembly Room, S.W. THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Bert L. Farmer, former census supervisor of Los Angeles, may be the next City Clerk.

Police Judge Rose declared yesterday that he will assist the Superior Courts, by continuing cases of wife-desertion in which the husbands have secured employment.

Attorney James D. Reymert brought an action against the Pacific Electric and Los Angeles Railway companies yesterday to recover $50,000 damages for an accident that ruined his legal practice, his powers as a violinist, a singer and a stenographer, according to his complaint.

The will of John Howell, the mining expert, was offered for probate yesterday. The estate is worth $260,000, all of it being bequeathed to his relatives.

Anthony R. Pierce of Pasadena left $103,000 to his children by the provisions of a will filed yesterday for probate. The wife had been cared for previously.

AT THE CITY HALL.

FARMER MAY BE NEW CITY CLERK.

CENSUS SUPERVISOR URGED AS SUCCESSOR TO LELAND.

Record Made in Big Official Jobs Expected to Speak for Him Above the Personal and Political Pulls of Other Candidates — Competency Strong Point.

City Clerk Leland, who has held the office six years, is preparing to leave his office for the more important one of County Clerk, to which he was elected. This, of course, means a chance for the Council to fill his place with a new man, and indications are that one of the most formidable candidates for the office will be Bert L. Farmer, former clerk of the Council Supply Committee and supervisor of the census in this Congressional district.

Bert L. Farmer,
who may be the next City Clerk.

Farmer's record as census supervisor is such that the mention of his name in connection with the clerkship suggests his competency. In his capacity as clerk of the Supply Committee he was the purchasing agent of the city and quit his office with an enviable record in order to direct the count of noses for Uncle Sam's thirteenth census. This work was subjected to the severest tests of the census bureau which had looked doubtfully on the wonderful revelation as to the city's growth, but found the only error to be one of seventeen persons whom the director had not included. In many other cities the discrepancies were the other way.

At the primaries last August Farmer was a Southern California candidate for Lieutenant-Governor and received a flattering vote. He did not have the means to form a large organization and the vote cast for him was largely complimentary from those who knew him.

He has been conspicuous in the work of the Native Sons of the Golden West, having held many offices in the local and State organizations, and members of this organization are expected to press their efforts in his behalf with members of the Council.

It is expected that Leland will file his resignation about the last of December and the Council will regard the election of his successor as a choice Christmas gift.

Beside Farmer six others are mentioned as possibilities: Charles L. Wilde, present chief deputy; D. M. Carroll, minute clerk of the Council; Frank Wellington, proofreader for the city; Theodore A. Chelsom, George B. Anderson and W. I. Traeger.

WILL CO-OPERATE.

BIG PARK IMPROVEMENT.

Co-operation between the Park Commission and the Directors of Agricultural Park was assured this morning when a conference betwen the two organizations removed all misunderstanding about the use of the $10,000 annuity which the city is obligated to pay to the park improvement fund.

The Park Commission has assumed that is had no jurisdiction over the use of this money but W. M. Bowen, managing director, assured the City Board that its wishes would be respected and that approval would be merely perfunctory on the part of the Agricultural Park Directors.

Under its contract the city must pay $100,000 in installments of $10,000 each year for the improvement of the park. Two payments have already been made and there is about $10,000 on hand.

Park Commissioner Lippincott objected to the use of the money without a comprehensive plan. Haphazard use, year by year, he thought, would be ineffective and his colleagues agreed with him. So did Bowen. The conclusion, reached by all is that a landscape engineer should be empipoyed to make plans for general improvement.

There is hostility on the part of the Park Commission to the proposed race track scheme, particularly in its present location and it is likely there will be conflict over this feature before plans are adopted finally. The race track or speedway, however, is one of the first, and probably essential, features of the big beauty spot. A speedway for animals may offer a compromise.

MODEL VILLAGE.

CITY WILL GIVE LAND.

The philanthropic project for a "model village" for the poorer classes on land owned by the city facing Ord street, back of the old Calvary Cemetery, was indorsed last August Farmer day when the Public Welfare Committee of the Council filed a recommendation that the scheme be approved.

The project was started by the Friday Morning Club which asked that a special commission be appointed to take charge of the scheme but the Committee recommends that, after the land has been set apart for this use and the subscriptions collected to build the houses, jurisdiction be put in the hands of the Housing Commission, thus avoiding a multiplicity of commissions.

The committee asks authority to confer with the City Attorney in the preparation of steps that will put the land sought in the jurisdiction of the Housing Commission for the purpose planned by the Friday Morning Club.

NO NEW PARK LAND.

WELFARE RECOMMENDATION.

No additional land for Hazard Park will be acquired by the city if the Council adopts the recommendation of the Public Welfare Committee. The Committee finds that if the land petitioned for was condemned and added to the park area it would become a charge for improvement and maintainance that the city cannot now assume.

The same committee has recommended that all instructions in reference to the condemnation of land north of Rosedale Cemetery for park and playground purposes be rescinded. This effort was set in motion by former Councilmen Wren and Pease over a year ago.

FOR CONSOLIDATION.

Three members of the Consolidated Commission named by the Mayor last week met yesterday and decided that the Commission should meet for formal organization at the office of the Mayor tomorrow morning at 8:30 o'clock. The preliminary meeting was attended by J. A. Anderson, W. B. Matthews and Sidney A. Butler, supervisor-elect.

AT THE COURTHOUSE.

THIS LAWYER MAN OF PARTS.

APPRAISES TALENTS ON LARGE MONETARY SCALE.

Asks Heavy Damages As the Result of Injuries Received in Collision, Itemizing Most of His Hurts. Can No Longer Sing or Play Violin.

According to the wording of a complaint for damages filed in the Superior Court yesterday, Attorney James D. Reymert must have been considerable of a man before he met with the accident for which he asks $50,590.10 damages.

November 25, 1908, Reymert was a passenger on a Pacific Electric car. At Seventh and Central avenue the car collided with a Los Angeles Railway car, with the result that he was badly injured. In fact, the allegations of the petition indicate that Reymert is a physical wreck and merely moving about to thwart the Undertakers' Trust.

Reymert itemizes most of his injuries and puts a money value on each. He declares that he is a practicing attorney, a graduate of Columbia University, and when in good health is able to make $10,000 a year.

At one time, he states, he was an expert violinist, but his arm is so stiff now that he can no longer handle the bow, and he asks $5000 on that account.

It is also alleged that he was a public speaker, having been trained by a master, but by reason of the shake-up he can longer vocalize, and he figures that to be deprived of the gift of song is worth about $5000.

Another charge in the indictment against the two corporations recites that Reymert, before the accident, was an expert penman and stenographer.

The total amount of damages, in addition to the above figures, is made of hospital bills, "wear and tear of body and mind," and so on.

STRING TO MONEY.

PASADENA MAN LEAVES IT.

Anthony R. Pierce, who died in Pasadena October 31, left an estate valued at $103,000, according to the petition filed yesterday for the probate of his will. Of this amount $16,326 was cash in bank; $32,700 notes, and mortgages; and $50,000 in Los Angeles real estate. The testator was 76 years of age.

To his widow, Anna S. Pierce, he leaves nothing, as he says that during her life-time he had given her considerable real estate in Pasadena and Los Angeles. To their children, McHenry Pierce, Thomas J. Pierce, Mrs. Adena Ward, Clara May Gorman, William E. Pierce, Mary Munger and John M. Pierce, he gives each one-eighth of his estate, the other one-eighth going to the grandchildren, Clifford McHenry Phillips, Anthony L. Phillips, and Earnest J. Phillips.

He further provides that the one-eighth interest bequeathed to Mary Gorman, a daughter, shall be held in trust by McHenry Pierce, and if afterward she is divorced from her husband she is to have her share absolutely.

Further provision is made for the interest of John M. Pierce, whose interest is also to be held in trust by McHenry Pierce, and if later on, in the opinion of the latter, John M. Pierce appears to take any interest in business and to conduct himself properly as to industry, etc., he is to have his share paid to him by the executor, McHenry Pierce.

INCOMPETENT WOMAN.

NEW GUARDIAN NAMED.

In Judge Rives's court yesterday, the resignation of Jennie Lappan, as guardian of Palmyra A. Nobles, an aged woman who came here from St. Louis some weeks ago, and succeeded in allowing some of the smooth persons about the city to separate her from a lot of her money, was accepted, and the court appointed Beth Colby to the place, who was recommended by the original appointee.

It was stated that the ward of the court, in her mental incapacity imagined that Miss Lappan was an anarchist, and engaged in a plot to kill her, and under the circumstances it was thought best that some one else should be named to care for the unfortunate woman. Mrs. Colby has a fine home, with all the conveniences, and is in a position to care for Mrs. Nobles properly.

ALL TO RELATIVES.

GOES THE HOWELL FORTUNE.

The will of John Howell, the mining expert who died in Denver the 12th inst., was filed for probate yesterday. It disposes of an estate valued at $260,000, of which $258,000 is personal property. The instrument was executed last April. Howell was 75 years of age.

The following bequests were made: [illegible] a sister, of Da Kalb county, Mo., $6000; Elizabeth Abernethy, a sister, of Fredonia, Kas., $6000; Mary Phoebe Abernethy, wife of Martin Abernethy, Los Angeles, $3000; Martin Abernethy, $3000; Mary A. Holmes, Ordway, Col., $500; Rosaline Martin, same, $500; Maude Follensbee, Fredonia, Kas., $1500; Edna Griffin, Ordway, Col., $500; Julia Redmond, Denver, $500; Eugenie Besley, Melbourne, $1000; Mamie E. Adams, Los Angeles, $3000; son-in-law, George H. Blakeman, Sydpey, $5000; son-in-law, Brian Charles Besley, Cradock, N. S. W., $3000; daughter, Dura Maud Blakemore, Sydney, $25,000.

Of the balance of the estate, an equal division is made between Dura Maud Blakemore and her children. The executors of the estate are George Henry Blakemore, Brian Charles Besley and Martin Abernethy.

GETS EIGHT YEARS.

SENTENCE FOR KILLING

Tom Johnson Dunn, one of the undesirable citizens of San Francisco, judging from his record, was sentenced to eight years in Folsom, yesterday, by Judge Willis, for the killing of Oscar Urban Bauppel, a waiter, employed at a restaurant at Third and Main streets, October 29.

Dunn pleaded guilty to the charge of manslaughter, when arraigned several days ago, and frankly confessed that he had no defense. The trouble leading to the death of Rueppel was caused by Dunn calling at the restaurant on a begging expedition. His victim suggested that he ought to be in Germany where they did not allow begging. Dunn went away only to return to knock Rueppel down, whose skull was fractured when his head struck the curb.

The trial of Dr. William R. Price, charged with securing money under false pretenses, was postponed until January 12.

Peter Smith pleaded guilty to burglary, and the court sent him to the Preston School of Ione until he reaches his majority.

Domingo Lopez pleaded not guilty to burglary, and his hearing was set for December 6.

LETTER OF CREDIT.

SHERIFF SUED FOR IT.

Another angle of the alleged financial crookedness of Victor C. Henry, who is in jail awaiting trial on charges of forgery and securing money under false pretenses, appeared in the Superior Court yesterday. An action was brought by the Pacific Mutual Life Insurance Company against Sheriff W. A. Hammel for the delivery to the plaintiffs of a letter of credit issued to Henry October 19, for $800, by the All Night and Day Bank.

It is alleged that Henry bought the instrument from the bank with $1000 in money that he had, as the agent of the insurance company, converted to his own use. When Henry was arrested the letter of credit was found on his person, and taken charge of by the defendant as a part of the testimony against him. It stated that a demand had been made upon the Sheriff for the return of the letter of credit, but that he has refused to surrender it.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

FISHERMEN PLEAD GUILTY. In Judge Davis's court yesterday, Salvadore Cariso and Steve Williams, fishermen charged with violating the law by using set nets within three miles of the shore line at Catalina Island, withdrew their pleas of not guilty and pleaded guilty to the information. The cases have been pending since last May. The men will be sentenced to morrow. Pedro Escalara pleaded not guilty to the charge of making an assault with a deadly weapon and his trial was set for December 20.

KICKING STOCKHOLDERS. Samuel Bush and a dozen other stockholders of the Los Angeles-Coalinga Oil Syndicate brought an action yesterday against the corporation to restrain it from selling the stock of the plaintiffs on account of an unpaid assessment alleged to be due. They assert that the assessment levied on September 20, amounting to 10 cents a share, was not made in good faith, and that the stock of W. W. Pedder, secretary, and W. E. Edgerton, president, has not been advertised for sale at the same time as plaintiff's. The proposed date of sale was yesterday, and a temporary restraining order was issued by Judge Bordwell.

THE INFERIOR COURTS.

WIFE-DESERTION LAW IS SCORED.

POLICE JUDGE SAYS CASES CROWD THE COURTS.

Declares He Will Continue Indefinitely All Complaints Against Husbands Who Secure Employment, and Thus Help the Superior Courts—Automobilist Fined.

The act of the Legislature of 1907, making wife desertion a felony, was roundly scored by Police Judge Rose yesterday afternoon when he continued the case of Louis Tally. No definite date was set for the next calling of the case, and if Tally continued to work as he is now, it will never be called.

"Cases of this nature simply crowd the docket of the Superior Court when this court could much more easily dispose of them," Judge Rose said. "It was all right until some fool got the idea into his head to make the change. My personal opinion of the party who was instrumental in making the change is better unsaid."

Deputy District-Attorney Hill was in the court room when Judge Rose paid his compliments to the wife-desertion law, and the court drew him into discussion of it.

"You ought to refuse about ninety-nine out of 100 of these complaints, Mr. Hill," Judge Rose said. "Very few of them amount to anything and they simply take up the court's time.

"There is no end to these cases. About a month ago we had a man in here on a charge of wife desertion. His wife said he beat her and it looked bad for the man. A few days later the wife told her troubles to a friend and the friend said 'you are a big woman, why don't you fight him back?'

"The following day the husband was back in court. 'What's the trouble now?' I asked. 'Well, judge, I want to have my wife put under bonds to keep the peace. When I went home last night she said she had decided not to take my abuse any more. Then she sailed into me with a bottle.'

"From the appearance of the man's head I concluded the woman had taken her friend's advice, and more too.

"Hereafter, I am going to help the Superior Court by making these fellows go to work. If they support their families the cases are going to be continued indefinitely. If they don't and there will be very few in that class, the Superior Court can dispose of them but we can thin out the complaints in this court."

Tally is understood to have spent his time loafing until the present charge was made against him. Since that time, Judge Rose said he was informed Tally is working hard every day.

WHEELS GRIND QUICKLY.

RANDOLPH HELD FOR TRIAL.

It took about fifteen minutes for Police Judge Rose to hear the evidence against Edward Randolph, charged with attempting to pass a fictitious check, when his case was called yesterday morning and Randolph was bound over to the Superior Court for trial. Bail was set at $1000, which Randolph has a yet been unable to furnish.

Randolph, it is charged, purchased some clothing from a merchant on Main street and in payment gave a check for $70 asking that he be given the difference between the amount of the purchase and the check in cash. The merchant, however, became suspicious and called an officer.

ASKS JURY TRIAL.

GREEKS DENY GAMBLING.

Seven Greeks, members of the Marathon club, No. 328½ North Main street, who were arrested Saturday night charged with gambling in the clubrooms, pleaded not guilty and asked for jury trials when they were arraigned in Police Court yesterday morning.

Police Judge Frederickson set the date for their trials on December 2 and the men were released on $100 bail each.

Patrolmen Amman and Robinson raided the clubrooms by climbing the fire escape to the second floor and then crawling into the room through a window. The names of the men arrested are: Theodore Liatos, Anton Kaklis, George Peterson, Mike Valles, D. Leonard, L. J. Economs and S. Denas.

"BUSTERS" FINED.

CUT BRONCO WITH WHIP.

Louis Western and S. E. Shafter were fined $25 each by Police Judge Williams yesterday morning for cruelty to animals. The two men lashed a brancho with a whip until the animal bled because it became unruly while they were trying to "bust" it.

F. F. Dougherty, who said he had been a "humane officer" was called as a witness. He declared he had advised the men to tie the broncho's tail to a wagon and make the animal draw it. The court commented on the latter method of breaking bronchos as quite severe, and said it had not been tested.

WERDIN "ELECTED."

"DUTIES" TO PAY FINE.

E. R. Werdin, former candidate for Sheriff, was "elected" yesterday morning in Police Judge Williams's branch of the Police Court. Werdin was charged with having driven his automobile without a license.

"Ah, who is this I see?" said Judge Williams. "'Tis our old friend Werdin. Well, Mr. Werdin, I guess you are elected to pay a $2 fine."

Werdin paid.

Boys Fined for Gambling.

R. W. Cecil, O. H. West and J. F. Morceal, boys, were fined $10 each by Police Judge Frederickson yesterday after having pleaded guilty to a charge of gambling. Edward Thompson and Joseph Ewing, boys in the game, forfeited $10 each which they had deposited as bail. The boys were arrested in a barn in the rear of No. 1142 South San Pedro street.

Frying-pan and a Head.

George James, a negro, was fined $30 by Police Judge Williams yesterday morning for having engaged in a family fight with R. F. Jones and his wife, Rosa, also negroes. James is understood to have wielded a frying-pan to the detriment of Jones's head. Jones will be tried December 20.

Police Court Brevities.

Dayton Mills, a chauffeur charged with driving a machine on the sidewalk on Main street between Seventh and Eighth, early Saturday morning, was fined $10 by Police Judge Frederickson yesterday.

Sam Wing, a Chinaman charged with having conducted a lottery, was fined $30 by Police Judge Frederickson yesterday.

Philip Gendel, charged with failure to provide, appeared in the Police Court yesterday and his examination was set for tomorrow.

INCORPORATIONS YESTERDAY.

Yesterday articles of incorporation were filed by The Pacific Realty Company, capital stock $25,000, incorporators, F. J. Picherle, G. A. Higgins, Minor P. Goodrich and O. S. Higgins, subscribed, $200; Standard Screen Manufacturing Company, capital stock $10,000, incorporators, A. S. Cadwallader, O. P. Kemp and J. R. Sturgis, subscribed, $300.

DEATH TAKES PIONEER.

Los Angeles lost another of her pioneers yesterday in the death of Arnold Aaron, who passed away at his home, No. 747 West Seventeenth street. Mr. Aaron was born in Prussia 62 years ago. He early removed to this country and for more than forty years had been a resident of Los Angeles. He retired from active life a number of years ago, and had since lived quietly at home. Arrangements for the funeral are pending the arrival of relatives from Texas.

FOR AND AGAINST.

DAUGHTER WINS IN WILL SUIT.

CONTENTION IS UPHELD UNDUE INFLUENCE EXERCISED.

Higher Court Revokes Probate in Kilborn Case—Decision in Favor of Trolley Company Upset, Damage Suit Will Be Retried—Trust Company May Change Name.

The decision of the Superior Court that the will of Julia A. Kilborn was obtained by the undue influence of Will D. Gould and Mrs. O. T. Sawyer, was yesterday affirmed by the Supreme Court.

Mrs. Kilborn, who was the widow of William Henry Kilborn, at the time the testament was drawn, resided at Dolgeville with Mrs. Sawyer. When her death occurred, her husband's estate had not been settled. Her own holdings, which amounted to about $40,000, were in an unsettled state.

An instrument which purported to be her will was offered for probate October 4, 1907. It gave all of her property to Gould to hold in trust for Mary W. Kilborn, a daughter, her only heir, who was to receive $100 monthly.

Miss Kilborn attacked the will on the ground that her mother did not know its contents and did not realize the manner in which she was disposing of her belongings. The court revoked the probate of the instrument.

The higher court yesterday reversed a decision for the defendants in the suit of Cory G. and Alta May Hoff against the Los Angeles Pacific Company.

Mr. and Mrs. Hoff, Mrs. Annie M. Hoff, Sarah Hoff and Mr. and Mrs. Raymond McKibbon were riding in an automobile at Sixteenth street and Western avenue when it was struck by a trolley train. The machine was torn to pieces and the occupants thrown out. Mrs. Hoff was severely injured.

The railway company was allowed a non-suit against the plaintiffs by Judge Coirey. The Supreme Court now orders that the case shall be retried.

The court also upheld the decision of Judge Willis that the Los Angeles Trust Company should be allowed to change its name to the Los Angeles Trust and Savings Bank. The petition was opposed by the Los Angeles Savings Bank. It contended that there would be much harm done it if the other concern were allowed to have a name similar to its own.

ONLY WILLOW ONES.

Thieves Loot Millinery Store of Valuable Ostrich Plumes of Extra Size.

Gaining access to the store, either through the transom or through the back door by means of a pass key, thieves looted the millinery store of Mrs. E. Kantrowitz, No. 316 West Fourth street, of about $300 worth of willow ostrich plumes according to a report made by her to the police yesterday morning.

The time of the robbery is not definitely known. Mrs. Kantrowitz said the feathers were in her store when it closed Saturday night, but were missing when she opened up yesterday morning. The plumes were of all sizes and colors and some of them were very valuable.

Examination of the rear door showed marks evidently made by the shoes of the thief, who is believed to have forced open the transom, though there were no indications that the transom lock had been tampered with.

The thieves were good judges of plumes, as only the very best were taken. Nothing else about the store was molested.

LIBRARIANS ON LIBRARIES.

Will Address Those Interested in Work Among Books at Women's Clubhouse Today.

Public libraries will be discussed by men who know, for the benefit of persons who ought to know, when the Woman's Press Club meets this afternoon at 2:30 o'clock in the club building, No. 940 South Figueroa street. On this occasion Purd V. Wright, the new City Librarian, will make his first speech before a woman's club here.

Another speaker will be John Vance Cheeney, formerly librarian of San Francisco and also of the Newberry's Library in Chicago. Mr. Cheeney now resides at San Diego.

Mrs. David C. McCan, president of the Press Club, has extended invitations to all of the persons in the city who are specially interested in library work of any character and it is expected that this will be one of the most interesting sessions which the club has held.

PENNSYLVANIA NOMINATIONS.

The Pennsylvania Society will meet this evening in Fraternal Brotherhood Hall to nominate officers. A good programme is promised, and a special invitation is extended Pennsylvania people in the city.

THE STATE OF "SOUTH CALIFORNIA," EH?

The latest distortion of law and assault upon the elementary principles of logic, made in behalf of the candidacy of ex-Councilman Works for Senator is that Works is not running for United States Senator from the State of California, as has hitherto been erroneously supposed, but he is and all along has been, a candidate for Senator from Southern California.

Works is a little premature. The division of the State, which he is understood to favor, has not yet taken place, and it is not likely that it ever will take place, all his efforts to the contrary notwithstanding.

Of course if it is a Senator from Southern California and not a Senator from the State of California that is to be elected, then only the Assemblymen and Senators from Southern California should participate in his election. According to the Works calculation the State of Southern California consists of nine Senatorial and eighteen Assembly districts—twenty-seven in all. The other ninety-three Senatorial and Assembly districts are in the State of Northern California and the ninety-three legislators from those districts are rank outsiders whose attempt to participate in the election of a United States Senator from the State of Southern California would be a shameless intrusion into an affair with which they have no right to meddle.

Very well, let the eighteen supporters of Works and the five supporters of Spalding and the four supporters of Meserve meet in convention and elect Works United States Senator from Southern California. And the ninety-three Assemblymen and Senators from Northern California can meet and elect somebody as Senator from that bailiwick, and it will be up to Congress to see who gets the seat.

THE NEW WONDER CAMP.

A brief dispatch to The Times told, the other day, of the muddy death of some prospectors in the Porcupine region. These men who lost their lives when their boat upset and they were spilled into a shallow lake, are among the first victims of a new wonder among gold-mining camps.

So many booms have been told of in the United States since the day that Marshall discovered gold in a mill race and started the rush to California that men on this side of the line have become chary of tales of new fields. Every few months there comes a report from somewhere that "the most marvelous gold discovery the world has ever known" had been made hither or yon. Most of these, on investigation, prove to be fakes. Of the hundreds of camps which have established claim within the past twenty years to be great, those which easily come to memory can be counted on the fingers of one hand—Cripple Creek, Klondike, Goldfield, Tonopah and Cobalt. The latter is a silver camp, the others owe their fame to the yellow metal for which so many men have given their lives. Cobalt and the Klondike are in Canada; the other three famous regions are in the United States.

But now a sixth camp comes with claims on our attention. It is Porcupine, and it is in the Dominion, so that the great camps are equally divided between the two countries. Porcupine is in the northern part of Ontario, a region which, until the last few years, was shunned as a country worse even than the "great American desert" which is being wiped off the map. Until the twentieth century dawned, few people felt inclined to venture further toward the unknown than the bleak and rocky north shore of Lake Superior. That seemed to be the dividing line between civilization and savagery, and the general idea was that there was nothing of any account worth inducing a man to adventure into the trackless wilds of what is now the new and rich Northern Ontario, a land where fortunes can be wrung from unwilling nature by the bold-hearted.

The discovery of rich veins of silver by lumberjacks in what is called the Cobalt region led to the finding of this new gold camp, Porcupine. Cobalt attracted numerous prospectors. The army of the hills went there from California, from Colorado, from distant Australia, even sourdoughs of the Klondike could not keep their feet from straying to the new camp. There were failures at Cobalt, of course; every camp has its wrecks. Some of these ventured still further north toward the region of Hudson Bay, where we were told in the incorrect schoolbooks of our youth that the Ice King held eternal sway. Larder Lake, Gowganda and other regions held sway for a time, then Porcupine came into the orbit of fame, and now a rush is on to the region with the fretful name which threatens to develop into a stampede.

These latter-day gold camps are all discovered in out-of-the-way and inaccessible regions. They have to be, since the fields in better placed districts have had their day of placer excitement and now have settled down to the steady production which follows the investment of capital in stamp mills and other machinery.

So we find Porcupine situated on the rim of nowhere and as hard to get at as a side of bacon in these high-priced days. It's easy enough to get to Toronto and from there to the jumping-off place at the end of the railroad which they call Kelso, 450 miles away, but it's the afterward that bothers even stout-hearted prospectors. This is a trip by stage and boat and trail almost as bad as that which unnerved many a strong man on the road to Klondike. And always a man has to take his heavy pack along, containing the grub and the blankets on which his life depends, and which, if he lose, he stands in danger of never obtaining either the golden results of Porcupine success or the silver living which is the best the plodder in a city can command.

But don't run away from California to this new gold field. More wealth can be taken off trees here, dug out of the soil, hoisted into boats from the ocean, than ever will come out of Porcupine. Besides, it's too late to join the stampede now. The country has been staked for miles around. The only way claims of any value can now be acquired is by purchase. There are nuggets and plasters of free gold to be seen around Porcupine, but they are not in reality more attractive than the golden globes which hang amid dark green foliage on our orange trees and the chances are that the man who now invests in a Southern California grove will still be taking wealth from it when the wondrous camp of Porcupine is but a name.

"HOW SISTER HAS GROWN."

WHAT WILL THE SOLONS DO?

The political issues of the past were, during the recent campaign, tossed into the scrap heap by the spellbinders of both parties. No Democratic orator explained to appreciative audiences how it is that the Constitution follows the flag in the Philippines, and, because of the grandfather suffrage law, does not follow it in South Carolina. Voiceless Billy Bryan ceased to sound his bazoo in favor of stamping the American silver dollar with a forty-seven-cent Mexican bird, and even the crescendo wail of the famishing poor for a reduction of duties on diamonds, silk hosiery and canned pate de foie gras, was reduced to a diminuendo of whispered approval of some sort of a revision, that should cause clerkships and recorderships and shrievalty jobs, to fall like manna from heaven into the awaiting platters of Democracy.

Republican spellbinders were equally destitute of available material for speechmaking. Frayed-at-the-edge eulogies of the flag which other men carried into battle were not considered a complete qualification of the eulogist for County Treasurer, and neither the sins nor the achievements of a man's father or grandfather hurt or helped him much to secure a seat on the Board of Supervisors.

Dead issues could not be resurrected and concerning living issues politicians of both parties were a good deal mixed. Both parties broke into the strong box of the Populists and robbed them shamelessly of the initiative, the referendum, the recall, the primary election law and election of United States Senators by the people, and both parties were entrapped by Pinchot—whom may the devil confound for a meddlesome blatherskite—into accepting a policy of conserving lands and mines away from homesteaders and prospectors.

When conservation comes to be discussed in legislative halls it will, we predict, be speedily dropped out of sight. Most of the iron and copper and lead that has been extracted from the earth during the last thirty years or more is still in use. When it was no longer serviceable in one form, it was remelted and recast into other forms, and the fact that unless unworked iron deposits are "conserved" they will be exhausted in five hundred years, will not appeal with much force to the legislators for the present generation.

The initiative, the referendum and the recall were mass meeting methods of government which prevailed in Greece two thousand years ago. They still exist in small New England towns, but they are so utterly unfitted for the needs of a State or the nation that serious legislative consideration of these fads of populism will speedily be dropped, if indeed serious consideration of them shall ever be inaugurated in any State Legislature.

California legislators will be kept exceedingly busy in putting the recently adopted amendments to the State Constitution into working harness. There can be no partisan division on these questions, since most of the amendments were favored by members of both parties. The new system of taxation prescribed by Constitutional Amendment Number One will need to be placed in operation by a carefully considered law, as will the mortgage tax amendment. The expenditure of the appropriation of five millions of dollars by the State and five millions of dollars by the municipality of San Francisco in aid of the Panama Canal Exposition will have to be guarded by laws that will prevent the fund from falling into the hands of the union-labor leaders, for unless it shall be so guarded Congress may not designate San Francisco as the site of the coming World's Fair.

EXAMPLES OF THRIFT.

In a photographer's studio in Los Angeles is a young operator who earns $20 a week. Fifteen dollars of this amount is used for the support of his mother and himself. Five dollars always goes to the bank. He is about 25 years of age, and his savings amount to something more than $500. Some day he will startle Los Angeles news centers by coming into the inheritance of a good portion of one of the world's great fortunes. His mother is one of eight heirs to a great English estate. In the meanwhile he is standing firmly on his own feet, without living for a moment in the air castles of a piece of luck not yet realized. This is mighty fine training for a man who may one day have hundreds of thousands, and it guarantees its future without any such glowing prospects.

In an uptown office in this city there is a stenographer who is a descendant of the general who gave Napoleon Bonaparte the worst thrashing of his life, and who is one of the heirs to a large fortune which that rugged pioneer in modern warfare left for an interesting family to quibble over. For all of her fine prospects, she does not confine herself to the realms of a very lovely home, but, instead, she exerts herself daily in the practice of a useful profession, and puts the money into town lots and sunny apartment-houses. She entertains the interesting theory that an income property in the hand is worth two in the probate courts.

These examples of thrift are interesting, not because they are isolated cases, but because everybody wonders at the way in which the other fellow wraps himself in the halo of prospects, either near or remote, and fails to use the opportunities at hand. Life has a cheerful habit of making each individual express himself, and the fellow who realizes this is pretty sure to get along.

When nature continues people, it expects them to find some excuse for being alive. And the people who set themselves at this task, and who work out of the joy of doing something, are never greatly worried about the fortunes that never arrive, nor are they embarrassed about taking care of the money which does happen to find its way into their hands.

Unfortunately, the good prospect ahead of some people is the rock on which their lives go to ruin. Many people fairly live from hand to mouth, simply because they expect some risky investment to make good in the future, or because they have reason to hope for a considerable inheritance. It generally happens that when a man or woman can find nothing better to do than to sit around and wait for dead men's shoes, they are not worth much to themselves or to society before they get this money, nor afterward.

In nine cases out of ten it is safe to say that good prospects are more of a hindrance to people than any benefit to them. A man who has no more self-respect, nor any better conception of the power of money than to wait for its inheritance, will not know what to do with money when he gets it.

For these reasons, it is a pleasure to find camera operators and capable stenographers who are willing to work, although threatened with wealth. There is an eminence of self-respect in even the most modest of bank accounts. As one youngster in finance recently put it, "A bank account makes a difference in how you speak to the 'boss,' and in how the 'boss' speaks to you."

THREE PARTIES IN ONE.

In the cablegrams from London concerning the constitutional crisis which again is agitating Great Britain, mention is made of no fewer than six parties. These are the Liberals or Ministerialists, the men by whose votes Asquith remains in power; the Nationalists, who, with the exception of T. P. O'Connor, represent Irish constituencies, and the Tories, Unionists and Conservatives. The three latter are, in reality, one party. When, therefore, the reader sees mention of the fact that "Taypay" declares that the Tories are trembling in their boots, that Remond asserts the Unionists will be wiped out at the next election, and that Asquith has got the Conservatives on the run, he may know that only one party is referred to. It's a good thing, in one way, to have so many names for one section of political thinkers—it enables the newspaper men to ring the changes in telling, and they need not indulge in vain repetition as the heathen do. On the other hand, it is rather confusing to those who are unable to give the time to following the affairs of a foreign country. There are thousands of such people who find that their attention is pretty well occupied with their own political matters and they do not feel inclined, nor have they any pressing reason, to bestow much thought on the affairs of other lands.

The three-in-one-party—the Tories, Conservatives and Unionists—should, for practical purposes, be now styled by the name last used. They are Unionists, but many of them are not Conservatives, while the whole party contains but a few of the old-fashioned Tories. These seeming paradoxes can be explained in a few sentences.

When the Victorian era of blessed memory opened, the two political parties in Great Britain were known as Whigs and Tories. As the old "codgers" dropped off, the middle-aged Whigs became Tories and the younger Whigs, with slightly radical tendencies, became known as Liberals. The Tories were naturally spoken of as conservative, and soon the term was given a political significance, and we find that about the time Disraeli was laughed at for his maiden effort, the overdressed bucks of the party were styled Conservatives. Liberal and Conservative were the terms generally used until Gladstone came along with his Home Rule bill. The Grand Old Man started as a Tory and wound up as a Liberal. He could not carry with him on his Irish voyage Hartington, Chamberlain, Bright, and other famous Liberals. The latter for a while stood aloof from all parties. They could not support Gladstone; they were distressed to be found in the same division lobby with Conservatives.

But the time came when they must either join their old enemies or go back into the fold. Some swallowed the Home Rule bill and returned to the Liberal camp; the others responded to the overtures of Lord Salisbury and Balfour, his nephew, and joined forces with the Conservatives. They were called Liberal-Unionists, to show that they stood for Liberalism minus Home Rule, and were Unionists because their consciences insisted on forcing them to abandon Gladstone and to "unite" with the Conservatives. Gradually Conservatives and Liberal Unionists drew nearer to each other until at last the allies became known as Unionists, which is their right name today. Soon no more Tories will exist, Conservatives will be lost in the dust of "reform," and the Unionists of today become more Radical than were their Liberal fathers. It will be only on paper, and to avoid tautology, that the terms Tory and Conservative will be used.

Love's Supremacy.

As yon great sun in his supreme, condition
Absorbs small worlds and makes them all his own,
So does my love absorb each vain ambition,
Each outside purpose which my life has known.
Stars cannot shine so near that yonder's splendor,
They are content to feed his flames of fire;
And so my heart is satisfied to render
Its strength, its all, to meet the strong desire.

As in a forest when dead leaves are falling
From all save some perennial green tree,
So one by one I find all pleasures pailing
That are not linked with or enjoyed by thee.
And all the homage that the world may proffer
I take as perfumed oils or incense sweet,
And think of it as one thing more to offer
And sacrifice to Love, at thy dear feet.

I love myself because thou art my lover!
My name seems dear since uttered by thy voice;
Yet argus-eyed I watch and would discover
Each blemish in the object of my choice.
I coldly sit in judgment on each error
To my soul's gaze I hold each fault of me,
Until my pride is lost in abject terror
Lest I become inadequate to thee.

Like some swift-rushing and sea-seeking river,
Which gathers force the farther on it goes,
So does the current of my love forever
Find added strength and beauty as it flows
The more I give, the more remains for giving;
The more receive, the more remains to win.
Ah! only in eternities of living
Will life be long enough to love thee in.
—[Ella Wheeler Wilcox.

Don't talk about the prize you'll win, or how you will pursue it, for boasts are like the clank of tin; don't talk—get down and do it. Don't say you'll cut the habits out, that make you friends uneasy; just turn your countenance about—for talk is cheap and wheezy. About your seedy clothes don't talk and say you'll soon be togged; go get the sort of duds that heed—for promises are phoney. Don't make some wild and foolish break and beg people's pardon; such contrition makes them fairly ache to plant you in the garden. Don't try to tell a funny tale to friends who may be bored, or they will say you'd be in jail if peelers were not dizzy. Don't talk about your own concerns to one who's in a hurry; he doesn't care these tinkers' derns about your woe and worry. Don't blow a damp, hangover breath into your neighbor's face, or they will wish that Colonel Death would take you where his place is. CONDITIONS GOOD IN CALIFORNIA

BY WALTER J. BALLARD.

Among the many interesting facts regarding California, reported in the October 31 bulletin of the California Development Board, it is noted that sugar beets are giving good returns both as to yield and saccharine content. The beet-sugar industry was worth $10,500,000 to California last year and will be worth $12,000,000, or perhaps more, this year.

The cotton crop of the Imperial Valley is yielding beyond expectation, many tracts making one and a half and two bales to the acre. The fiber is excellent and commanding top prices. Six gins are actively at work.

Bank clearings, reported to the Board from seven of the clearing-house cities of the State, show an increase for October of this year of 21 per cent over October of last year.

Building permits issued from September 29 to October 28, as reported by five cities were, in value:

Los Angeles	$1,[illegible]
San Francisco	1,[illegible]
Oakland	[illegible]

The Noble Electric Steel Company is preparing to install five new furnaces at Heroult.

Eight hundred and ninety-three new registrations of motor vehicles were made with the Secretary of State during the month of September.

Crops generally have been good and farmers and fruit growers are well satisfied with the season's returns. Citrus fruit shipments for 1910-11 are about over, and the movement of the new crop has already begun, about some two weeks earlier than usual.

Deciduous fruit shipments are somewhat less than at the same date last year, but apples and grapes will bring the total up to the mark.

The dairy and poultry industries are thriving, yet the production is still far short of the consumption.

The bean crop has come well up to expectations and in some places above the record; the demand for both muttor and pork exceeds the supply.

In every quarter public and private construction is going actively on, and new enterprises are being started.

The influx of homeseekers is largely increasing, and many new colonization enterprises are being inaugurated.

The tourist travel is also very large, taxing the capacity of the transportation companies.

Doubtful Surgery.

Hurry became at length a malignant growth, causing civilization no end of inconvenience.

"Cut it out!" the cry thereupon went up, for it was like the unthinking mob to seize upon the most obvious expedient.

But wiser heads entertained misgivings. Would civilization survive so serious an operation?—[Puck.

Walter Lindley, editor of the Southern California Practitioner, has taken to himself the matter of properly impressing the facts upon the members. GHASTLY FIND.

Rubbish Heap Gives Up Baby's Body Wrapped in Newspaper—Police Investigating.

The body of a small baby was found wrapped in a newspaper in a rubbish heap near No. 117 North Mountain View avenue yesterday afternoon.

A negro was engaged to haul the rubbish away and the child was thrown upon the wagon. The package was so carefully wrapped that it attracted the attention of Miss E. W. Walker and Miss A. Thierman, who were watching the man load.

An officer was sent to the place to make an investigation and he learned that H. S. Smith, a driver living at No. 1023 East Fifty-sixth street, had dumped rubbish on the pile which he had collected. Smith told the officer he thought he had seen the package before, and that it might have come from some of the piles which he was hired to carry away.

With Smith's assistance the police will endeavor to learn the identity of the mother of the babe and how it met death. The body was taken to the Bresee undertaking rooms.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and real beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

Events in Local Society

PROBABLY the most important little woman in Los Angeles at present is Mrs. Leila Burton Wells, daughter of Gen. and Mrs. George H. Burton of Elden avenue, whose play, "The Case of Sergeant Wilde," had its initial presentation at the Belasco theater last evening.

Society folk entertained with theater parties large and small in honor of the occasion. Judge and Mrs. Erskine M. Ross of Vermont and Wilshire boulevards gave a box party complimentary to Mrs. Wells and later the guests enjoyed supper at Hotel Alexandria. Mrs. Wells's place card was ornamented with a soldier boy and a laurel wreath. Covers were laid for Gen. and Mrs. Burton, G. Allan Hancock, Dr. A. Macleish, Miss Bernard, Mrs. L. N. Brunswig and Mr. and Mrs. F. Avery McCarthy.

Mrs. I. N. Van Nuys of West Sixth street was another hostess who entertained a party of friends at the theater and later at the Alexandria. Her table was decorated with yellow chrysanthemums. There were present Mr. and Mrs. William May Garland, Dr. and Mrs. Ernest A. Bryant, Mr. and Mrs. Walter Leeds, Mr. and Mrs. Redman, Mr. and Mrs. Stephen Childs, Miss Annis Van Nuys, Miss Kate Van Nuys, Kay Crawford, Philo Lindley, George Ennis, Henry Daly and Mrs. John Dwight of Washington and New York, in whose honor the party was given.

Mrs. Alfred Solano was also a hostess who asked a few friends to enjoy the performance, as did also Mrs. Hugh Livingston Macneil and George Slauson.

Mrs. Charles Modini-Wood entertained a party of twelve who enjoyed supper at the Alexandria.

Smart Affair.

Yellow chrysanthemums and Kentia palms adorned the banquet hall of Hotel Alexandria yesterday afternoon when Mrs. Samuel Jackson Whitmore and Mrs. Walter Raymond entertained a large number of friends at a charming reception.

Mrs. Hamilton Hostess.

Mrs. Roth Hamilton of No. 2811 Francis avenue was hostess recently at a musicale which she gave for Mrs. Bruce Wallace. Selections were contributed by Mrs. I. Bank, Mrs. Dora James Clark, Mrs. H. O. Wiltz, Miss Helen Tappe, Miss Priable and Miss Deardorf. Enchantress carnations decorated the home.

Miss Lowe Hostess.

Miss Edna Lowe entertained members of the Alpha Alumni Club of Occidental College with a breakfast at her home on Monte Vista avenue, Saturday last. Mamon Cochet roses adorned the living-room and library, while the dining-room was done in pink roses. There were present Miss Alva Gardner, Miss Bess Lowe, Miss Eloise Strobridge, Miss Amy Morrell, Miss Clara Bartram, Miss Pearl Grant, Miss Grace Whitcomb, Miss Grace Herrolit and Miss Leona Lodwig.

Mrs. Burch Hostess.

Yesterday afternoon Mrs. Lawrence Burch, No. 665 Wilshire place, gave a luncheon for Mrs. Ransford Lewis of Buffalo, N. Y., who will reside in Los Angeles. Guests present were Mrs. James R. H. Waggoner, Mrs. Paul de la Vergne, Mrs. L. J. Selby, Mrs. C. B. Loomis, Mrs. Charles Goldthwaite, Mrs. Nicholas Milbank, Mrs. Miller, Mrs. Eugene Calkins, Mrs. Robert Marsh, Mrs. George Burrall, Mrs. Gilbert Wright, Mrs. Donald Frick, Mrs. Carl Compton, Miss Ella Gardner and Miss Florence Moore.

Home From Trip.

Dr. Edwin M. Harwood and party returned from Washington, D. C., after a two month's trip up the Atlantic Coast and to Montreal.

Tennis Enthusiasts.

Mrs. Charles H. Lippincott and Mrs. Jacob Stern of Hollywood are among the enthusiastic tennis lovers who will entertain with box parties at the second annual Hollywood midwinter tennis tournament, November 24, 25 and 26.

To Receive.

Mrs. W. J. Brodrick and daughter, Mrs. Walter J. Schmahl, will receive their friends at No. 1936 South Figueroa street the first and second Wednesdays in December.

At Hotel Darby.

Mr. and Mrs. William H. Workman, Jr., are at Hotel Darby, where they will remain until the completion of their own home on South Boyle avenue.

Frat Affair.

Members of the O. M. A. Frat of Occidental College recently entertained at the frat house on avenue 50 with a pleasant affair in compliment to Mr. and Mrs. Frank Gorton. Mr. Gorton was the coach last year at the college, and recently returned to California with his bride. Red bells and smilax converted the place into a bower of beauty. Over the mantle an imitation gridiron and football were suggestive. The guests were Miss Grace McCoy, Miss Harriett Moore, Miss Eva Summers, Miss Grace Vickers, Miss Edith Tiball, Miss Lill Wendling, Miss Marguerite Merrill, Miss Eloise Bartlett, Miss Louise Carter, Miss Jessie Barnhill, Miss Fern Sanborne, Miss Ethel Ward, Miss Grace Sheridan, Miss Mabel Ward, Miss Grace Dorothy Davis, Miss Mary Allen, Miss Grace Sprague, Lyle McKenny, Francis Lawton, William Smart, Fred Eldred, Roy Schauer, Bruce Dill, Ben Bleo, Harold Hopkins, Chester Bradbeer, Howard Hopkin, Mr. McDonald, V. Mc Nary, Warner Hollister, Elmer Richardson, Fred Johnson, Mr. Kirkpatrick, Roy Petty, James Smart and Dr. and Mrs. Esterly.

Informal Musicale.

A pleasant affair of recent date was the informal musicale given by Mrs. E. W. Martindale of Lucas avenue, in honor of Regina Vicarino. The programme was presented by Mrs. W. F. Botsford, Miss Margaret Goetz, Mrs. Estelle Heartt Dreyfuss, Olga Steeb, Mrs. Edgar L. Swain, Mrs. Ada Marsh Chick, Mrs. Gertrude Ross, Maurice Koopman, Jules Koopman, Clarence Gustin, the honoree and hostess. Among other guests present were Mr. and Mrs. E. H. Skinner, Herr and Mrs. Thilo Becker, Fielding J. Stilson, Mrs. Kiefer, Oscar Seiling and Mrs. Calkins. Chrysanthemums brightened the rooms.

To Entertain.

Mrs. Joseph D. Radford of West Adams street, will entertain with a pleasant affair this afternoon. Tomorrow she will preside at a similar party for another group of friends.

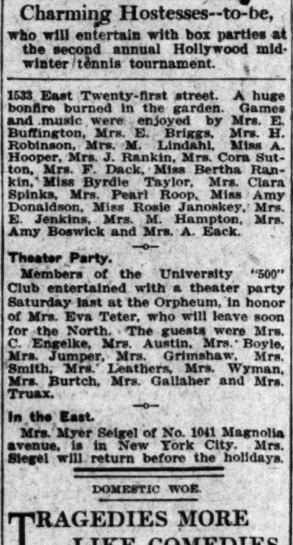
Home Again.

Mr. and Mrs. Arthur Asher of No. 946 Vermont avenue, have returned from San Francisco, where they attended the wedding of Mrs. Asher's brother, Arthur Goldberg and Blanche Bursch. Mrs. A. Goldberg, who has been passing last week in New York, has returned to Los Angeles and is the guest of her daughter, Mrs. Asher.

Outdoor Party.

A merry affair of recent date was the outdoor party presided over by Mrs. M. M. Moffitt at her home, No. 1533 East Twenty-first street. A huge bonfire burned in the garden. Games and music were enjoyed by Mrs. E. Buffington, Mrs. E. Briggs, Mrs. H. Robinson, Mrs. M. Lindahl, Miss A. Hooper, Mrs. J. Rankin, Mrs. Cora Sutton, Mrs. F. Dack, Miss Bertha Rankin, Miss Byrdie Taylor, Mrs. Clara Spinks, Mrs. Pearl Roop, Miss Amy Donaldson, Miss Rosie Janoskey, Mrs. E. Jenkins, Mrs. M. Hampton, Mrs. Amy Boswick and Mrs. A. Eack.

Miss Isabelle Carpenter



Mrs. C. H. Lippincott

Charming Hostesses--to-be, who will entertain with box parties at the second annual Hollywood midwinter tennis tournament.

Theater Party.

Members of the University "500" Club entertained with a theater party Saturday last at the Orpheum, in honor of Mrs. Eva Teter, who will leave soon for the North. The guests were Mrs. C. Engelke, Mrs. Austin, Mrs. Boyle, Mrs. Jumper, Mrs. Grimshaw, Mrs. Smith, Mrs. Leathers, Mrs. Wyman, Mrs. Burtch, Mrs. Gallaher and Mrs. Truax.

In the East.

Mrs. Myer Seigel of No. 1041 Magnolia avenue, is in New York City. Mrs. Siegel will return before the holidays.

DOMESTIC WOE.

TRAGEDIES MORE LIKE COMEDIES.

TWO MEN ACCUSED OF HAVING FAILED TO PROVIDE.

Court Finds No Grounds for Holding One, and Other "Needs Sleep" So Badly That He Is Sent to County Jail Until Tomorrow, When He Will Be Examined.

The cases of men who were charged with having failed to provide for their children or with having left their wives in destitute condition occupied the attention of two of the justice courts yesterday.

In only one case, which was given a hearing, did the magistrate find that there was sufficient evidence to warrant him in holding the defendant for trial in the Superior Court.

Amusing features were intermingled with sad ones. In some instances the little domestic tragedies which were scheduled turned out to be only comedies with no heavy parts.

W. J. McCandless was released from custody by Justice Baird for the third time within a month. His wife had caused his arrest on a charge of having failed to provide the necessities of life for their two children.

The defendant was released on the ground that he had been unable to earn more than enough money to pay his own board and that he had no property whatsoever.

Mrs. McCandless was granted an interlocutory decree of divorce last spring. Her husband was ordered to pay her $15 a month for six months. The amounts were forthcoming until the order expired in September, McCandless's friends having given him financial assistance. The latest charge against him was that he neglected his parental duties after October 1.

McCandless's defense had a touch of pathos. He is a cripple, having lost his right hand. He asserted that he had spent fourteen days in jail while defending himself from charges which his wife had preferred. He also declared that he had been unable to keep steady employment on account of the efforts of his wife to reach him by telephone. He said he had earned only $20 in the past six weeks.

There was some evidence to show that Mrs. McCandless was wealthy in her own right, but the court ruled that this fact had no bearing on the case.

E. J. Lloyd also had a good defense for the charge of having failed to care for his wife and the same magistrate gave him freedom. He made a showing that he had given his wife all of the money he had except enough to pay his fare to San Francisco when he went there to get employment. He had been able to work only part of the time and had sent her all of the funds he could. He exhibited his hands, which were blistered and calloused, in proof of his assertion that he was a hard-working man.

William Speck, who was brought to this city from Trenton, N. J., to answer to a complaint charging him with having left his wife to the charity of her relatives, held the boards for a short time in Justice Summerfield's tribunal.

He was to have had his examination yesterday, but his condition was such that it was postponed until tomorrow. Shortly after the defendant was placed in jail here, his friends vouched for the fact that he would not run away and he was released on his own recognizance.

Speck was a wee bit unsteady as he entered the courtroom yesterday. He needed the assistance of the wall to get within speaking distance of the justice. The magistrate surveyed him with a frown and then said:

"Speck, I expected to see you sober when you came up here for a hearing."

"I expect I am," was the reply. "I am not intoxicated your honor. I have been up all night. I couldn't sleep for worrying about this case.

"Oh, I see," commented His Honor. "You need sleep. There is a nice couch waiting for you at the County Jail. You will be committed until Wednesday."

Justice Summerfield held Harry V. Baggs to answer to the Superior Court on a charge of having neglected his minor son. Mrs. Baggs made the complaint.

DIFFERENT.

PASSION OF ART DRIVES HER ON.

RUSSIAN COUNTESS EXPLAINS VALUE OF SYMPATHY.

Appreciation Helps Wonderfully and, Though She Does Not Speak English, She Asserts That Los Angeles Has a Southern Temperament Which Enthuses Her.

While spending two weeks in the city to give several performances of her dancing at the Auditorium, Countess Thamara de Swirsky is visiting with her mother at the Alexandria Hotel. The young Countess is enthusiastic about Los Angeles because she believes she can dance for the people here. She said last night that she could never tell what her success in a city would be because her work always depended so much more upon her audience than upon herself.

"I always want to do my best," she said, with the fires of enthusiasm kindling in her great dark eyes, "but I am perfectly helpless if my audience is cold, and simply mad with the passion of art if my audience receives me right. People of colder climates simply will not turn loose like those of warmer countries.

"Los Angeles grows so fast that you, perhaps have not realized how truly Southern your people have become. As a stranger, I felt it the minute I got here and I knew when I first touched foot to your soil that here I would find the warmth and the glow which would call out the best that is in me.

"When I dance I forget my training and I neither dance from the head nor the reat, but from all over. I do not think my feet or my arms have any more to do with my dancing than the atoms of any other part of my body. In dancing everything that it takes to make un whatever I am, flows through my motion. I dance with all that I feel and think. I dance with whatever my heart is and with whatever it is that uses the brain for its knowing. I am just me and that me which dances gives itself up to the spirit of the dance and to the spirit of the character which is being expressed by the dance.

"I can never let myself go like that unless my audience does the same thing. They must feel about it and care about it as I do. I like to dance to my own people in Russia and it doesn't make a bit of difference to them that I am a countess. They do not hold it for or against me, but simply think of me as an artist.

"You know I was a pianist before I began dancing and I never suspected that I could dance until one day I got a great idea of Peer Gynt, and after that nothing but dancing would seem to express it. I had been a student of Felix Mottel and had taken prizes at Munich for my piano work. One day when I was giving a recital Grieg, the composer, came to me and explained his conception of the part. He thought that I could dance it and his wonderful feeling about the creation inspired me to attempt it. Since then I have developed two creations for myself so that I know that my art is my own.

"Of course, when I made up my mind to dance it meant years of hard work attaining the technique of another art, but my joy in the work more than repays me for the effort it cost. I still love the piano, but I love dancing more.

"I thing America's Maude Allen is a wonderful dancer, but I do hope that the people who see me dance Peer Gynt will forget about the interpretation of Miss Allen because a mystical part of this kind must have a different meaning for every person alive. Certainly a woman who belongs to the Orient in temperament and a woman who is Saxon could not think and feel about the part in the same way.

"I do not say that my interpretation is a better one, but what I am trying to say is that it is different. My Peer Gynt must be distinctly my own, just as Miss Allen's is her own. Both of us must be capable of presenting a creation of light and beauty perfectly true to the qualities of the part, without either of them bearing the least resemblance."

TAKEN TO FEDERAL COURT.

Case of Tulare County Man Against Railroad Company Transferred by Defendant's Request.

The suit of George H. Farmer, a ranchman residing five miles northwest of Tulare, against the Santa Fe, begun in the Superior Court of Tulare county, was yesterday transferred to the United States Circuit Court for trial, at the request of the defendant.

Farmer was injured by a train while he was driving across a railroad crossing on June 4 of this year. His horse was killed, his buggy was broken and he alleges that he has been unable to leave his bed since.

The plaintiff is seeking to recover $25,610 for the injuries he suffered. To assist his case he pleads a city ordinance of Tulare which prohibits trains from exceeding a speed of eight miles an hour in its limits. He declares that the train which struck him was running at a rate of twenty-five miles an hour and that the engineer neither rang the bell or sounded the whistle.

A. C. Blinn is a guest at the Lankershim. He will probably make Southern California his home for several months. Blinn is owner of considerable New York realty, among his property holdings being the Great Northern Hotel building.

W. G. Perrow, contracting freight agent for the Toledo, St. Louis & Western, the Chicago & Alton, the Iowa Central and the Minneapolis & St. Louis railways, arrived at the Hayward yesterday from his headquarters in Seattle.

E. E. Busser, in charge of the reading room system of the Santa Fe, arrived at the Angelus yesterday from Barstow, where a new amusement building has just been completed for the company. He is on his way north to his Berkeley home, and is accompanied by his daughter, Miss Grace Busser.

Fruits

...should be used, day after day, but some vegetables and greens should be included such as lettuce, celery or cress. These also add to the palatableness of the sandwich.

Fruits of course form a staple of childrens' lunches, and cakes are always in demand and when they are plain and nutritious, are beneficial and preferable to pie or doughnuts. While it is well to consult the child's individual preference, the needed body-building ingredients should never be lost sight of.

A Pretty Remembrance.

"Not for vanity but for reflection," was the clever greeting upon a birthday souvenir presented to a girl whom I know. It accompanied a pretty bag made from flowered silk ribbon, the under side of which was a small mirror, and the interior a chamois lined powder receptacle with puff.

To Eat.

A delicious salad is made from celery roots. Many throw away this which is, to the initiated, the best of the celery. Cook the roots in meat stock, well seasoned and chill upon the ice; then serve on lettuce leaves with a dressing of oil, lemon juice, pepper and salt to which may be added a dash of Worcestershire sauce.

Dame Fashion Smiles Upon

The Cossack cap for young girls and misses. It may be made from any plain fabric such as velvet, plush, felt or even the cloth of the street suit; and the only trimming is the band of tapestry or heavy brocaded material and an oriental-looking ornament upon one side.

Two-toned plumes and enormous pink poppies trim some of the latest hats.

New Gainsborough hat models roll on the left side and droop at the front and back.

The narrow silhouette is being adhered to with every prospect of its continuation.

Lace, chiffon and marquisette are extremely fashionable for dressy fall costumes.

Velvet and velveteen give promise of being very fashionable for the more dressy coat suits.

A handsome costume of soft blue chiffon is embroidered with a conventional design in white crystal beads.

Black velvet hat facing is, so report has it, to be even more popular on autumn hats than it has been in summer millinery.

For early fall wear with the dressy toilet middle-aged women are going to use the black chantilly coat lined with chiffon and silk.

Marvelous Toy Selling at Bullock's

—November totals so far 10 per cent. ahead of total November Sales of 1909.

—A Significent Record.

Nov. 21:—"Oh! Isn't it fine!"

—"Just look at the Dolls—I never saw so many before in my life"—"And the games and furniture and dishes—Did you ever see such a Toy Store?—It's a regular Wonderland"—

—Were you at Bullock's in Santa Claus' Own Toy Store Saturday afternoon?—Did you try to count the myriad little folks?—Did you figure out how many hundreds of pounds of Candy Santa was giving away?—Did a doubt even enter your head as to why Santa had chosen Bullock's for his very Own Toy Store?

—Such a big space, Plenty of room for the maddest, merriest mobs of little folks to romp around, and see things, and have the best of times, without making buying unpleasant for busy Christmas shoppers.

—And Such a world of Toys there were to be shown that Santa really had to have a quite Out of the Ordinary Store to show them in—

—Thousands of Dolls (in complete lines, Dressed and Undressed)—a wonderful over-2-foot-tall-beauty, $1.00.

—Doll Go-carts at $1.00 that just make you gasp in wonder—

—Moving Picture Machines $1.00; Magic Lanterns $1.00; Sewing Machines that will really sew, $1.00.

—Express Wagons; Automobiles; Wheelbarrows; Rocking Horses; Shoo-flies; Chute the Chutes; Mechanical Trains and Boats and Flying Machines—Hundreds and Hundreds and Hundreds of the most wonderful Toys that ever were—

—And such varieties and values! There had to be a reason, for such an extraordinary increase in sales—10 per cent greater already than for All November last year. Buyers aren't slow to recognize where they can shop most advantageously.

—And the Display is just at its height now. "Tuesday should be the year's busiest day," say those who know.

—Of course, Your Purchase will be held until you want delivery, as you request.

LOCAL PRODUCE MARKET.

Tremendous activity on the market marked the opening of the week. Yesterday was one of the busiest days ever experienced in Los Angeles in the produce business. To handle much of the great volume of trading, a number of the big shippers were forced to work some of their employees on Sunday to fill the orders which seemed to rush in over Saturday from points within three or four days of the local market. The last strawberries for New York were sent out Sunday morning. Other points in this section were calling for this fruit extensively with the result that the market on the berry jumped as high as 18 cents a basket, the highest they have been since last winter. The average price on good berries hovered around 12 and 13 cents.

Celery was one of the products on the advancing list. There is scarcely sufficient celery to supply the demand if it prevails for another two or three days as at present. From 2½ on the poor stock the price went up as high as $2.50 and some of the dealers were asking $2.75 per crate. Cranberries are all up to $10. Dealers who are waiting for a slight drop on account of the heavy arrivals expected will be disappointed. Those who put off until yesterday morning had to pay the new quotation.

There was some cutting of turkey prices. This is the first decline that has been registered and is not as yet a real decline but merely the desire of several dealers who have bought too many turkeys to get rid of their surplus. Live stock was easily obtainable at 28 cents a pound and occasionally at 25 cents running from there up to 20 cents in a wholesale way. Dressed was held at 28 to 30 cents.

Staple commodities were all in good call. Eggs receipts were 32 cases. Kansas extra select were quoted at $8.50 per case, storage to date paid. There was no change in any quotations of this product.

Eastern creamery extra sold at 21½ cents and firsts were quoted at 1 cent below that figure. Local moved freely. Receipts were 14,928 pounds.

Cheese arrivals were 1774 pounds. There was a fair call for Northern fresh and several of the fancy varieties. In other lines offerings were light.

Potato receipts were 2982 sacks. A car of choice Highlands jobbed at $1.20 and dealers were asking more than that for anything like fancy stock. Russet spuds are in good call. The general tendency of prices in this line continues upward.

Onions were in fair call. The reported receipts were 1000 sacks. A flat price of $1.75 is registered. Bean arrivals were 709 sacks. The call for beans was good in two varieties, pinks and small whites. Sweet potato arrivals were 813 sacks. There are a lot of these on hand and the demand was good, but not sufficiently heavy to advance prices.

Barracuda all the way from San Luis Obispo were one of the features of the fish market. Halibut and mackerel were plentiful. Small fish were a trifle scarce.

TWO MILLION BUSHELS EXCESS SHIPMENTS HAS EFFECT.

Huge Increase in United States Visible Supply and Denials of Frost in Argentine Also Felt in Market. May Option Is Off at Close—Corn Heavy and Weak.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Nov. 21.—World shipments nearly two million bushels larger than expected, a huge increase in the United States visible supply and denials of frost in Argentine, turned wheat downward at the finish today. During the day the range for the May option was from 96 1-4@98 3-8 to 97 1-4 with the close 3-8 off at 96 3-4. Corn was heavy. May fluctuated from 46 3-4 to 48 7-8 and closed easy 1-4 net lower at 47 1-2. Cash corn was weak. No. 2 yellow, finished at 51 1-2@52. Oats trade consisted almost wholly of changing over December to May. May sold from 25 1-4 to 32 7-8@34 and in the end was at 32 3-4, just 1-8 below the latest figures Saturday. In provisions there was further liquidation of November lard. At the end of the day pork had lost 12 1-2 to 17 1-2; lard, 5 to 10 and ribs 7 1-2 to 10@12 1-2.

Flour, steady; No. 2, 72s. 78@78½; feed or mixing barley, 75@79; fair to choice malting, 79@90; flax seed, No. 1, southwestern, $2.59½; No. 1 northwestern, $2.62½; timothy seed, $5.00; clover, $16.50; mess pork, per bbl., $17.50@17.75; lard, per 100 lbs., $10.20; short ribs, sides, (loose), $9.90@10.25; short clear sides, (boxed), $9.75@10.00.

NEW YORK COTTON MARKET.

[Special Service to The Times by E. F. Hutton & Co., Members New York Stock Exchange, 112 West Third street, Los Angeles.]

NEW YORK, Nov. 21.—The market was bought heavily today by the bull crowd immediately on announcement of the census figures showing 8,764,353 to have ginned prior to Nov. 14. Notwithstanding the fact that these figures represent the second largest total and also the second largest ginned for this period on record, the largest amount ever ginned during this period was 7,655,847 bales in 1906 against todays figures of 8,434,000 bales and only 5,994,000 in 1907. The 1909 bale crop year. There is really nothing bullish in the figures as on the basis of the average amount ginned after this date for the past five years a commercial crop of about 13,500,000 bales is indicated against popular expectations for a crop of from 11,250,000 to 11,500,000 bales. When the poor state of trade is taken into consideration it would seem that a supply of 13,500,000 bales for the present season would prove ample for all legitimate purposes and leave a visible supply at the end of the year sufficiently large to protect the world's future markets against all such manipulative tactics as were resorted to during the closing months of the past year. The movement to market to Nov. 19 was about 250,000 bales less than to a corresponding date a year ago and on the basis of 8,764,000 bales ginned to Nov. 14, the facts in the case show that plantation stocks on that date were about 600,000 larger than last year, compared with about 600,000 bales more than last year on Nov. 1. Therefore, continued large receipts can reasonably be looked for and unless export demand grows more urgent, stocks at the interior towns will continue to increase, a feature which the market could hardly stand at present high levels. Interior receipts today were 16,34 bales against 31,417 bales last year. This weeks into-sight will probably total 500,000 bales against only 250,000 last year.

Logan and Bryan's letter says:

"Had the cotton been there they would have ginned it. Those that argue large crop might have continued their argument had this ginning showed 9,000,000 which it should have done with perfect weather, and perfect price. But when the ginning shows 8,764,000 and from every section comes the report that there is no crop, that the freeze got it, we must commence an entirely different calculation and modify extreme crop views. Without a top crop we cannot talk of any crop being a late crop at this season of the year since long before the middle of November the bottom and middle crops have matured and ready for picking. On this date last year 75 per cent of crop had been ginned and the remaining 19½ per cent largely consisted of top crop. It need not surprise any one if this year we have not already ginned more than 81 per cent since no top crop is to be figured upon and since as a certainty both Oklahoma and Texas will contribute less cotton after this date than they did last year. If 500 bales is the amount ginned today it will be 77 per cent. of total, the crop would only reach 11,750,000 bales which is small enough to provoke a profound sensation in the price it might attain. The large crop idea once knocked out, the spinner will turn active buyer and while we are approaching a zone where spot accumulations can be sold at a profitable price we are also approaching a zone where the consumer will discover there is a profit in financing 15 cent cotton under conditions where a crop of 11 to 11½ looks possible and world's takings for 1910 to 11½ looks certain."

SHARES AND MONEY.

MONEY RATES ARE RELAXED.

PRICES OF SECURITIES, HOWEVER, FAIL TO BENEFIT.

Decided Shrinkage in Volume of Transactions and Tone of Speculation Is Heavy and Sagging—Saturday's Favorable Bank Statement Increases Output of Funds.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Nov. 21.—Relaxation in money rates was the feature of the day's financial markets. Prices of securities failed to benefit from this development. There was a decided shrinkage in the volume of transactions and the tone of the speculation was heavy and sagging. Weakness became more positive in proportion as the pressure to sell United States Steel increased. The favorable bank statement published here on Saturday had the effect of increasing the disposition of leaders to put out funds. The demand for mercantile paper, however, continues to lag.

While the currency movement indicates the cessation of the cash drain on account of crop movements, the process of loan liquidation to follow will be studied for future promise of new bond flotations.

Discount rates receded in London, Paris and Berlin in common with the easing money market in New York. Foreigners were disposed nevertheless to sell back our stocks, thus helping to carry our price downward. Commercial bills are in lessened supply in the foreign exchange market, disclosing a subsidence in the export movement of commodities. The sustained figure of the current custom receipts of the United States treasury persistently indicate that the value of imports is keeping up.

Bonds were heavy. Total sales par value, $1,118,000. U. S. Bonds were unchanged on call.

GOPHER POISON KILLS TWO MEN.

Woman Saves Mexican's Life With Antidote.

Three Make Tortillas From Deadly Flour.

Campfire Meal Proves Fatal in Peebles Valley.

[Special Correspondence of The Times.]

PRESCOTT (Ariz.) Nov. 19.—Saturday night at an abandoned ranch house in Peeples Valley, southwest of Prescott, three Mexicans were poisoned by strychnine which had been mixed in flour as gopher poison. The men, on their way to Phoenix from a season of work on the Santa Fe, entered the house seeking shelter for the night. In a corner they found a box with flour in it and some lard in a can. With these ingredients they quickly cooked a batch of tortillas, upon a campfire before the door. Before they had eaten more than a few bites, they became deathly ill, rushing to a near-by well for water. One of them, Henrique Delgado, staggered down the road, to be found by Mrs. Dan Genung, who furnished him with raw eggs and strong coffee, as antidotes. Then an attempt was made to help the others, but too late, as they died in agony next morning. Delgado has been brought to the County Hospital and may recover.

ARIZONA NEWS NOTES.

Near Williams, on the double-track work of the Santa Fe Company, Foreman W. H. Erwin of the L. J. Smith Construction Company, was fatally injured Saturday under a dirt car, behind which he had taken refuge from flying rocks of a heavy blast. One of the rocks struck the side of the car with such force as to derail it and throw it upon the crouching man. Erwin had been in Arizona only two weeks, coming from Fort Worth, Tex., to which point his body was sent for burial.

Antonio Trabero is lying in the County Hospital at Flagstaff, possibly fatally wounded, while his assailant, Andres Macelo, is in jail awaiting the result of Trabero's wounds. In jealous rage, Macelo lay in ambush with a rifle as his supposed rival left the shack of a Mexican woman with whom Macelo appears to have been infatuated.

A band of criminals is terrorizing Ash Fork, from which seven holdups have been reported within two days. A pair of highwaymen had a rough surprise Saturday night when they attempted to rob ex-Sheriff John L. Munds. When commanded to throw up his hands, he promptly knocked one man down and then rushed the second. Both men were badly handled, but succeeded in making good their escape into the darkness before help arrived. Most of the victims have been railroad laborers, many of them the worse for drink.

George E. Gould, a Williams photographer, has made complaint to the District Attorney of his county that, at the muzzle of a revolver, a Williams attorney made him sign three papers, important in a mining case soon to be called in Phoenix. Gould claims that the intimidation was done in the attorney's office, with the door locked.

J. M. Matthews, a passenger from Los Angeles to Colorado Springs, fell from Santa Fe train No. 10 Tuesday night in Flagstaff and was found later by the side of the track, with a fractured shoulder and a bad cut on the head. He was dazed and could not explain the accident. His cuts were dressed and he was put on the next train to continue his journey. From papers in his pockets it was found he is a printer and reporter.

Sheriff Dan Francis of Coconino county has just returned from a trip into Southern California, where he has been using to effect his broad knowledge of brands in northern Arizona. He has been quoted as stating that fully 500 head of Arizona horses had been driven across the Colorado by thieves since the Arizona Rangers were abolished, and that the Imperial Valley is full of stolen Arizona stock.

A bad fire in the engine room of the Saginaw Company's box factory at Williams has caused a shutdown of that large plant for the winter, though the company has been rushed for months with orders from California.

According to census figures, Arizona has twenty-one sawmills in operation, most of them in the northern part of the Territory.

The city of Flagstaff and the Santa Fe Company are about to agree over the ownership and use of the Great Springs on San Francisco Mountain, from which Flagstaff is supplied with water. Attorney Camp of Los Angeles has proposed for the railroad company to surrender all claim upon the springs and to loan the municipality $92,000 necessary to build a storage reservoir, the money to draw 5 per cent., the city agreeing to sell 200,000 gallons daily to the company at a price that shall be mutually agreeable. It has been estimated that the springs have a flow of 700,000 gallons a day. They have been held by the city since 1898 on a thirty-year lease from the railroad company, as they are upon a part of the old Atlantic & Pacific Railroad grant. The water is of remarkable purity, and is therefore highly valued for use in the company's locomotives.

By January 1 will be opened for traffic a new bridge now under construction by the territorial engineer across the Verde River near Camp Verde. There will be three steel spans on concrete piers.

The Cotton Land and Water Company has recorded a $500,000 mortgage in Kingman, covering its lands and improvements in western Mohave county, where the corporation aims to bring under cultivation a tract of 50,000 acres, behind twenty miles of levees, to keep back the flood waters of the Colorado. About 6000 acres are now understood to be ready for seeding. The land and climate are declared to be ideal for cotton growing, while the Mohave and Hualpai Indians will furnish the labor necessary in the picking season.

From military circles is reported that the War Department is preparing to make Whipple Barracks a regimental post for infantry, possibly coincident with the abandonment of Forts Huachuca and Apache. Additional room will be provided for both officers and enlisted men, on the lines of the comprehensive scheme on which the post has been entirely rebuilt within the past few years.

KINGMAN MINES DISTRICT.

CONCENTRATOR IS TRIED OUT.

[Special Correspondence of The Times.]

KINGMAN (Ariz.) Nov. 20.—The big 250 ton convcentrator of the Needles Mining and Smelting Company, recently completed, has been tried out thoroughly in the past few weeks, proved a good extraction, and is now running steadily on company and custom ores. Tests made on the 500 tons of tailings from the dumps of the company's Tennessee Mine at Chloride were satisfactory and the entire lot, about 20,000 tons, will be treated. By virtue of a 60 cent rate on low-grade ores a number of mines in the Chloride District have started shipping ores held to be valueless up to the present time. Of the mines under development by the Needles company, the Champion and Banner are already in shape for production and have begun shipping, the former about three cars per week. The Banner will probably ship a car a day as soon as a new wagon road now building to the Berry station on the Santa Fe railroad is finished. In the meantime further development by sinking and drifting is being maintained steadily in all the holdings of the company. A. P. Anderson, field engineer for the U. S. Smelting, Refining and Mining Company, of which the Needles is a subsidiary company, has been inspecting the work this week.

A group of prospects near the Champion, owned by Jack Flynn and Bob Fergusson of Chloride, have been bonded by the Pacific Investment Company with Julian P. Jones of Los Angeles in charge. Jones has established camp and started sinking.

Manager E. H. Barton of the Gold Crown Mine reports good progress in the erection of the mill and cyanide plant. The crushing machinery is under roof and nearly in place. All the heavy machinery, cyanide tanks, and filters are on the ground and in the course of erection. Crude oil internal combustion engines, the first in the county, will furnish power to mine and mill. Barton is confident of being able to turn the mill over by the middle of January. In the mine chutes are being put in preparatory to stoping. The mine is developed by a series of tunnels and no hoisting is necessary. There are between 500,000 and 600,000 tons of ore in sight of a probable average value of $10 per ton.

The section of the River Range between Union Pass and Gold Road, about ten miles long, is attracting considerable attention just now because of strikes made by Harrison, Scott, Fessenden and others in the last few weeks. Harrison has just cut a new ledge carrying high-grade silver ore, probably the first silver ever found in the district.

Emerson Gee and associates of Los Angeles have bonded A. L. McKesson's group of prospects near Little Meadows in this district and are preparing to begin work at once.

L. W. Johnson of Hackberry made an important strike in the Tawa mine, adjoining the famous Copper Giant Mine in the Cottonwood District, when cut six feet of high-grade copper sulphide in a fifty foot tunnel.

GOOD EXAMPLE.

HOTEL CLERKS COPYING HIM.

METHUSELAH AND ROCKEFELLER OF DESK MEN HERE.

Veteran of Half a Century of Service in Biggest Hostelries of the Country Tarries Brief Time at Alexandria to Tell 'Em How to Do It.

Wesley Austin, who combines the character of Methuselah and Rockefeller in the hotel clerks' world, arrived at the Alexandria yesterday on his trip around the world. Austin until his retirement more than a year ago was connected with the leading hotels of the country for a period of nearly fifty years.

During all that period he never aspired to the ownership of a hotel or even to the management. To be one of the best hotel clerks in the world was his ambition and to see him standing in the lobby of the local hostelry, surrounded by travelers from all parts of the country who recognized his smile, is a tribute to his proficiency.

His smile, one that bubbles out of gray eyes and creeps between the thin wrinkles of time, is infectious. It won for Austin not only his name, but it brought him a big fortune. He was always willing to help the fellow that was for a moment embarrassed in a financial or in other ways.

Some of those helped responded by giving him tips on the market, which he did not always take, as he tells it. Others assisted him with stock in mines and various corporations, many of which turned out with eminent success to the enriching of Austin.

That is where he comes by the second half of his characterization, the Rockefeller of the hotel clerks. He in the last few years has so many irons in the fire that it finally became necessary to quit his hotel job and take up the more pleasant occupation of doing nothing but looking after his personal investments.

"And then, I wanted to see for myself what so many people had told me of while I stood behind the desk. While a clerk I traveled around the United States, but it is only now that I am able to go other places. I just returned from a tour of Europe and Egypt. Being one of the old boys myself I wanted to get a look at the pyramids and ride on the camels and meet the Sphynx. They ought to have a Sphynx on every hotel counter in the country merely as a reminder to some people to stop talking occasionally."

Austin told of many queer meetings of people on the streets or in the cafes and theaters of Europe whom he had cared for in one or the other hotels in which he worked in the United States. "Many of them remembered me well and to say that I had a good time is putting it so mildly that there is only a comparison by taking the extreme opposite.

"The old hotel man has what is known as the 'camera' eye. He remembers faces and his mind has been trained to that acute stage where he can call the name of people he has seen only two or three times."

Austin in his long career was chief clerk of the Brown Palace of Denver, the New Baltimore of Kansas City, the Planters Hotel of St. Louis, the Auditorium Hotel of Chicago and last of the Knutsford of Salt Lake City. He will remain here for a month and then proceed to the Hawaiian Islands, the Philippines and the distant Orient.

FOR SWEET CHARITY.

Children's Hospital to Ask Public Aid in Many Places Today and Tomorrow.

The holiday spirit of helpfulness and kindly charity is to be given an ample opportunity to manifest itself today and tomorrow for as worthy an object as any that the city can show. Facing a deficit in their operating expenses for the current year, the Board of Managers of the charitably maintained Children's Hospital has evolved a novel plan for appealing to the public purse and the public heart.

In the lobbies of all of the principal hotels, in all the banks, in the hallways of all the large office buildings and in the principal stores in the shopping district a little "donation office" will be installed this morning and will continue in that place until tomorrow night. Its equipment will not be elaborate. There will be only one table and one chair, a large bag in which to put the money and plenty of subscription blanks for the use of those who have not with them as much as they would like to give.

There will be about seventy-five of these places altogether. Each one will be presided over by one of the many representative women of Los Angeles who have voluntarily interested themselves in the cause of the Children's Hospital. If the public response is as warm as is their own kindly charity toward the friendless and suffering waifs of the city the deficit will be easily met.

Nothing of the proceeds is to be devoted to the building fund for the proposed new quarters of the hospital. It is all to go to the immediate operating expenses. The latter have been unusually high this year because the institution has endeavored to keep pace with the increasing demands upon it of the enlarging city, but without any corresponding additions to its income.

The plan of thus inviting public cooperation has been borrowed from San Francisco, where it has been often tried and always with great success.
